STEVENS POINT, WIS., WEDNESDAY, OCTOBER 12, 1921

JOURNAL, VOL. LIII, NO. 26

## TOTAL NEARLY \$7,000 HIGHER THAN YEAR AGO

### Increase Due to Larger Attendance, Barracks and More Teachers

The board of education has estimated that it will cost \$124,758.84 to operate the public schools of Stevens Point next year.

This amount, listed in the budget submitted by the finance committee at the October meeting of the board Monday evening, is an increase over last year's total expense of \$8,745.88.

The committee, in submitting the budget, points out that the increase is all due to a larger attendance, barracks and additional teachers. Members of this committee are F. A. Neuberger, G. A. Swanson and Mrs. Winifred H. Spindler.

### Deficit Not Included

The budget was adopted Monday evening as submitted and will be presented to the common council, to be acted upon at the next meeting of that body. It makes no provision for meeting an existing deficit of \$35,000, contracted since 1918, which the council pledged to stand behind, and takes care of current expenses for the coming year only.

Additional cost of operating the new east wing to the high school building is also not included in the budget, but board members believe the state aid and tuition money, totalling approximately \$17,000, will take care of the extra expense involved. The board expects to get \$12,000 in state aid and \$5,500 in tuition fees next year.

### The Cost Last Year

It cost the city \$118,000 to operate its public schools last year. It was brought out at Monday evening's meeting. The council voted an appropriation of \$100,000, \$10,000 in state aid was received and \$8,000 came in on tuition charges. The total of these three items left a deficit of \$2,000 over the cost of operation. The board still has money left for its current expenses this year, but will have to borrow during the months of November and December and a part of January, until money is turned over by the council. It is not known at this time what the total cost for this year will be.

### The New Budget

The budget for next year in detail, as adopted on Monday evening, follows:

Board of education and secretary's office	\$ 675.00
Census and truancy	300.00
Superintendent of schools	3,500.00
Clerk hire, etc.	1,145.00
Office expenses	600.00
Salaries of supervisors and teachers of schools	\$4,735.00
Stationery and supplies	3,000.00
Material for manual training and domestic science	1,000.00
Fuel	7,000.00
Water, light and power	1,250.00
Janitors' salaries	8,740.75
Janitors' supplies	700.00
Gen. expense of operation	1,000.00
Repairs of buildings, etc.	4,000.00
Repairs and replacement of equipment	3,500.00
Insurance	512.00
Library books	600.00
Barracks and equipment	3,500.00
Total	\$124,758.84

## DAY OF ATONEMENT IS OBSERVED HERE

### Jewish People of This City to Hold Services at Beth Israel Temple

(From Tuesday's Daily)

Jewish religious services for the Day of Atonement, known as Yom Kippur, the most important holiday in the Jewish calendar, will be observed in Stevens Point beginning at sundown tonight and continuing until sundown Wednesday evening. Jewish people throughout the world are uniting in this service.

Services here will be held at the Beth Israel temple on Water street from 8 to 9 o'clock this evening, and a continuous service will also be held on Wednesday from 8 o'clock in the morning until sundown. The services will be conducted by Rabbi N. Scherr of Chicago.

From sundown tonight until sundown on Wednesday will be observed as a period of fasting. Nothing is to be eaten or drunk during this time by those participating in the service.

## GIVE PASTOR SENDOFF

Friends Gather at Local Depot as Family Leaves City

There was a large gathering of members of St. Paul's M. E. congregation and other friends of Rev. G. M. Calhoun's family at the Soo depot Tuesday morning to bid the Calhouns Godspeed on their journey to Watertown. S. D. Rev. Mr. Calhoun will assume the pastorate of a large Methodist church there.

## LIBERAL PRIZES FOR BEST SPUDS AT LOCAL SHOW

### Farmers Are Urged to Select Samples from Fields During Digging Time

Liberal premiums for exhibits at the Second Annual Potato show, a feature of the potato week observance in Portage county October 24 to 29, are offered in the premium list to be sent out next week.

Farmers or members of their families will get best results by selecting show samples in the field during digging time, wrapping specimens in paper and cleaning with soft brush just before showing. Show samples consist of 20 tubers this year, instead of 25 as required last year.

County Agent W. W. Clark and leading growers are working hard this week to insure enough show samples to make a good showing at the state potato show, to be held in Milwaukee. At least eight bushels of nearly perfect potatoes are required for a county exhibit. Growers who have good stock and have not been visited personally as yet are requested to hold at least one bushel sample for inspection by the committee.

### The Queen Contest

Changes made in the rules governing the potato queen contest, which will again be conducted, are expected to arouse interest in every part of the county. Changes in the voting system will allow everyone to cast one or more ballots, regardless of where they live and without personally visiting the potato show. Last year each person was allowed but one vote and that had to be cast at the show in Stevens Point. This year each person may cast as many votes as desired and each village in the county will have a polling place. Ballots will be sold for one cent each, the money received in this way to be used in paying premiums and other expenses of the show. Polls will be open Monday, October 17, and ballots will be counted each evening and the standing of each candidate will be announced the next morning at each voting place in the county.

### Gold Prize Offered

The young lady selected as potato queen will be crowned with appropriate ceremonies during Potato week and will receive a gift of \$25 in gold and other perquisites due her superior station. Her selection and coronation will typify the importance of the common spud in Portage county, the banner potato county of Wisconsin.

It is certain that competition for the honor to be bestowed upon the queen will be keen. Miss Kathryn Campbell, the present queen, was elected by a small majority last fall after a contest which aroused much enthusiasm during the potato show. With a longer time for casting votes and opportunity for anyone to vote anywhere in the county, the various potato districts in the county will no doubt use every effort to elect a candidate from their own section.

## H. J. SEVERSON CONDEMNS STATE TAXATION SYSTEM

### Big Man Pays Not Enough, Little Man Too Much, He Says

Before a small but interested and sympathetic gathering at Bigelow and Mills hall on the South side Monday evening Senator Herman J. Severson of Iowa denounced the present taxation system of the state and outlined some of the plans of the La Follette progressive faction in Wisconsin for coming campaigns.

He sharply criticized the big city press, mentioning by name the Milwaukee Sentinel, Milwaukee Journal, the Madison State-Journal and the La Crosse Tribune.

E. J. Onstad of Madison, secretary of the state La Follette association, also talked to the gathering on the Progressive movement and records of State Senator Severson and Assemblyman William Scribner of Portage county and on the political situation in the state.

### Few at Afternoon Meet

Both Senator Severson and Mr. Onstad gave short talks in the afternoon at the hall to a conference of La Follette leaders in the county. It had been planned to complete an organization of La Follette backers at the afternoon meeting, but because of bad weather, and the fact that farmers are busy with their crops at this time, the attendance was small. Town chairmen for La Follette committees in four precincts in the county were named at the meeting in the afternoon. The naming of a county chairman was left for some future meeting.

Following are the names of the chairmen appointed at the afternoon meeting: R. W. Parks, Plover; M. E. Moe, town of Amherst; L. E. Gordon, Nelsonville village; H. E. Nieman, town of Linwood.

### Papers Criticized

Senator Severson was introduced by Robert Galloway, secretary of the Stevens Point La Follette club. The senator prefaced his remarks on the tax situation with a criticism of the big press of the state. "I don't know of anything at present that is so sad as the condition of our large newspapers. In place of publishing full news, telling the truth, they are falsifying, misrepresenting and making the news, not as it is, but as suits their convenience."

"I have read articles in the Milwaukee Sentinel and Milwaukee Journal and didn't recognize the bills they were discussing, even though I was in the senate when they were being discussed there. The discussion was absolutely false."

### Huber Bill

"Take the Huber bill for example. That bill provided for a hospital for disabled soldiers and was such that it could not be opposed by any party. It was a La Follette bill. The big papers decided the stalwarts should get the credit for the bill, and named it the 'committee bill.' It was not a mistake on their part that they did so, but it was done deliberately and the papers continued on that policy. "The Severson tax bill, which would have raised an additional \$6,000,000 on incomes in the state, without raising the tax on real estate, was termed the 'tax boosting bill' by the big papers."

### Tax Measure

Mr. Severson then went into a discussion of his tax measure, defeated, he said, by one vote in the state senate. "The present income tax measure was passed in 1911. The rate is small. On the other hand, the rate of direct tax has been more than doubled. If you owned some property that was taxed \$50 in 1911, you are probably paying \$100 tax on that same property, while the income tax rate hasn't been increased. Why should the increase in taxes go to the widow who owns a home, while the millionaire pays taxes in the same ratio as he did 10 years ago."

"Let us take a concrete example. On one side of a street there is a man who owns a home assessed at \$3,000. On the other side there is a man worth \$100,000 in bonds and securities on which there is no tax. He pays an income tax on an income of \$6,000, figuring his income at 6 percent on \$100,000. If the man who owns the home has it mortgaged for half its worth or \$1,500, he pays in the aggregate four times as much tax as his neighbor across the way. The man worth \$100,000 pays an income tax of \$67.50 in Wisconsin, if he pays on every dollar."

### Now to State Institutions

"Then too, we must consider that

## WISCONSIN TUBERS ON PAR WITH IDAHOS

### Grading and Inspection Features Send Prices of State Stock Upward

Friday's potato report from Wau-paca, printed elsewhere in this issue of the Journal, lists Minnesota sacked Round Whites, partly graded, at from \$2 to \$2.10 per hundred, Idaho sacked netted Gems and Rurals No. 1's, \$2.20, and Wisconsin sacked Round Whites U. S. grade No. 1 at \$2.10 to \$2.25.

It is seen that Wisconsin potatoes are selling up with Idaho tubers. Idaho Round Whites have been topping the market for the past year on account of the better quality and better grading. With the compulsory inspection feature now being observed in Wisconsin, the price is seen to have advanced. This speaks well for the inspection. If higher prices can be obtained, the difference will more than offset the inspection cost.

## EIGHT EXTRA COACHES USED ON SOO TRAIN

### Five Hundred People Take Advantage of Special Rates to Milwaukee

W. L. Bush, conductor of last Saturday's Soo line passenger train No. 12, between Stevens Point and Milwaukee, was unusually busy that day when he punched the tickets of five hundred Milwaukee bound people. Four extra coaches were attached to the train before it left Stevens Point at 2:11 p. m. and an equal number was added down the line, making a total of ten cars which were hauled into Milwaukee. No. 12 is usually held at Rugby until the arrival of train No. 2, which follows within a few minutes, but on Saturday Conductor Bush received orders to proceed to his destination and Milwaukee passengers were carried on a special train from the junction.

### DETOUR ON NO. 18

The construction of the new bridge over the Soo line east of Amherst village closed a portion of Highway 18 to travel the latter part of last week and a part of this week. Traffic was detoured via the electric light plant and the Ed Otto farm and back to No. 18 near the Robt. Shanklin home.

## WHITING WOMAN SUFFERING WITH STRANGE DISEASE

### Local and Outside Physicians Unable to Bring About the Recovery of Mrs. Hopkins

Mrs. William Hopkins, wife of the foreman of the finishing department at the Whiting-Plover Paper company plant, is dangerously ill at her home near the mill with a strange malady known as purpura, which medical science knows little about. The case is the first of its kind in Stevens Point and perhaps in central Wisconsin.

Afflicted a month ago, Mrs. Hopkins has grown steadily worse and despite consultation of local and outside physicians and treatments prescribed by them, the patient appears to be growing worse. The disease appears in the form of hemorrhages, and in the case of Mrs. Hopkins was first noticed by the appearance of black and blue spots on her arms and body, caused by bleeding into the tissues. Blood has been transfused from her husband in an effort to save her life. Mrs. Hopkins' condition has been much worse since a week ago Sunday, when the affliction resulted in a severe nose bleed, which physicians have since been able to check only partially. The loss of blood has been considerable.

Drs. F. A. Southwick and G. H. Lawrence have attended the patient and a few days ago Dr. Joseph Smith of Wausau was called in on the case. Dr. Connell was called this morning from Oshkosh for consultation.

The cause of the disease with which Mrs. Hopkins is suffering is unknown. It usually follows an infectious disease, but in the local case the patient had not previously been ill. It is a condition of the blood vessels and the blood. The failure of the blood to coagulate makes it almost impossible to bring about relief for the patient.

Many theories have been advanced by leading physicians throughout the country on the disease, but none has been able to definitely determine its cause, it is said. It has also been found difficult to cure and in a majority of cases ends fatally.

## FIFTEEN FIREMEN FAINT AT BIG CHICAGO FIRE

Chicago, Oct. 11.—Fifteen firemen were overcome here today in a fire in a hay warehouse of the Union Stock Yard and Transit company. The loss was approximated at \$500,000. The fire will smolder for at least two weeks, officials believed.

## VETS TO CELEBRATE ON ARMISTICE DAY

### American Legion to Arrange Observance for Nov. 11—Other Projects Discussed

Carl Romulus Berens Post No. 6, American Legion, at a largely attended meeting held Monday evening in the Community room at the Citizens' National bank, voted to arrange some form of observance of Armistice Day, November 11. A committee consisting of Ralph Cook, Edwin Molaski, George Jaworski and Dr. W. R. Cashin was appointed to plan a program, which will probably include a parade and program, with a dance in the evening. A second committee, consisting of A. J. Schierl, F. B. Shemanaki, Lawrence Chapman and Ralph Cook was named to arrange for the dance.

Captain Carl Anschuetz of Battery B gave an outline of the program to be given on October 28 in connection with the dedication of the new armory building at the fair grounds and invited the Legion members to take part in the parade. A committee consisting of Dr. J. W. Bird, Ed. Nolan, E. G. Bach, Edwin Molaski, Dr. E. B. Nalboraki and Walton B. Murat was appointed to arrange for representation in the ceremonies. Captain Anschuetz also invited the Legion members to use the new armory building for athletics and promised them one night a week for this purpose. The post is planning to organize basketball teams and will also take part in bowling during the winter months.

The question of cooperating with other organizations in setting out memorial trees along highways was also taken up at the meeting. Miss Mary Hanley and Miss Ruth Marlowe were named as a committee to investigate this project and report back. The Misses Hanley and Marlowe were also named as a committee to assist in the organization of a woman's auxiliary to the Legion post. Wives, mothers and sisters of Legion members or of men who died in the service are eligible to membership in auxiliaries.

The Legion post membership is now nearing the 100 mark and has been growing rapidly recently.

### BRILL PLEADS GUILTY

Ralph Brill, charged with the attempted burglary of the Shipply shoe store early Sunday morning, pleaded guilty to the charge when he was arraigned in county court before Judge W. F. Owen Monday afternoon. He was bound over to circuit court after he had waived examination, and has been remanded to jail to await arraignment before Circuit Judge R. B. Park.

## PRINTING SHOP AND TWO STORES BURN TO GROUND

### Firemen Fight Flames of Unknown Origin for Many Hours

Wisconsin Rapids, Wis., October 11.—Fire of unknown origin, discovered after it had gained big headway, wiped out three buildings on the east side in this city at an early hour this morning, entailing damage estimated at \$75,000.

The places destroyed by fire are the F. S. Gill wall paper store, a two story frame building located at the intersection of Oak and Second street; the Farmers' Bargain store, a one story frame building which stood next door to the Gill building on Second street, and the plant of the Lambert Printing company, a one story frame building, east of the Gill structure on Oak street.

### Gets One Hour Start

The flames were first discovered after midnight by a pedestrian, who quickly sent in the alarm. Firemen hastened to the scene but the flames, which originated in the wall paper store, had a one hour start and had gained so much progress that it was impossible to save that or the two adjoining structures. Members of the city fire department fought the flames for three hours before they were under control.

### Families Driven Out

The occupants of two apartments over the building which housed the Lambert printing company were forced to flee without having time to rescue any of their personal effects or their household goods. The Gill family occupied one of the apartments. Practically the entire contents of the three buildings were burned.

Although the origin of the fire is unknown, the theory has been advanced that it started from defective wiring. All three buildings were the property of Mr. Gill, who carried partial insurance on them, said by amount to approximately 70 per cent of the loss.

August Miller, chief of the fire department, was seriously injured when he was crushed by falling debris.

## CONCRETE COMPLETED

### Relocated Section of Road 18, West Side, Ready in Three Weeks

The pouring of concrete on the relocated section of road 18 on the west side of the Wisconsin river was completed at noon Tuesday. The new roadway, which is 18 feet wide, extends from a point inside the city limits on Superior avenue to a short distance north of the Soo line crossing near High Banks, a distance of two miles. It will be probably three weeks before the new road is opened to travel, and in the meantime it will be fenced at both ends. There is considerable work yet to be done before the job is complete, including the building of "shoulders" and rip-rapping. The rip rapping will be in the low sections of the road and will be of rock, with a filler of concrete, extending from the edge of the road to the bottom of the ditch on either side.

The job was let by contract to the East Stone Construction company of Eau Claire, which also built the new Plover road. It is a state and federal aid project.

## JAZZ BAND LEAVES

### To Play in St. Petersburg, Fla., During the Winter

The Florida Original Jazz band, Irwin W. Lutz manager, leaves Stevens Point October 19, for St. Petersburg, Fla., where it will be engaged during the winter, playing for dances.

The Lutz organization will fulfill its engagements in this locality up to October 17, playing its last dance at the Moose hall at the Parish house on that date. Those leaving are Mr. Lutz, George Hansmann, Miss A. Harvey, Sam Cooper and C. Colvin. Mr. Lutz and Mr. Hansmann will take their families with them to the south.

### Calculated Philanthropy

Modern philanthropy is based on the principle that true welfare is best promoted through the development of competency to gain independence, because this best preserves self-respect, without which there can be no independence either of thought or action.

# PLAN TO HIRE ARCHITECT FOR NEW EAST WING

## Building Committee to Take Up Work of Addition to High School

The board of education made preliminary plans on Monday evening for the new east wing to the high school building.

Acting on authority vested in that body by the common council, it prepared to engage an architect to have plans drawn by empowering President L. P. Pasternacki to appoint a building committee. The committee is to consist of five members, including the president and the city superintendent. It will work in conjunction with a committee of the common council.

Dr. Pasternacki withheld appointment of the three other members on the building committee for two days, inviting suggestions from all members of the board as to who should be named.

### To Rearrange Grades

A partial solution to the problem of crowded conditions in the grades was brought about when the board accepted recommendations of Superintendent Snyder. Mr. Snyder proposed that the sewing and cooking departments in the Lincoln school be consolidated and the room provided by this change used to house a second grade, to be made of pupils from the Lincoln, Washington and Jefferson schools. At the present time there is a combined first and second grade in the Lincoln building and the change will also relieve the first grade there. This plan was endorsed by the board. It will relieve in part the crowded conditions existing this year. Seventh grades are still badly crowded, the superintendent said, but will probably have to continue this way until next year. The new second grade class will make it unnecessary to use the Church of Christ on Ellis street, which was considered as a school annex.

### Barracks Completed

The superintendent reported that the barracks on the high school campus were completed and heat to the building now being supplied. Some of the school equipment still remains to be installed. A bill for \$2,127.20 was allowed at Monday evening's meeting. This is for the cost of the building, which was \$330 more than the contractor's bid, as the result of changes required by the state. In installing the heating system and purchasing equipment for the barracks, the board purchased all material with a view toward using it at a later time in the east wing to the high school. The barracks were inspected by board members after the meeting adjourned.

### Will Rent Piano

A request from Miss Anne Dunegan that the board empower her to rent a piano for her kindergarten work was granted by the board, which made a provision that the rental does not exceed \$3.50 per month. This kindergarten, located in the Lincoln school, is the only kindergarten in the city which has been without the use of a piano.

### School Enrollment

Superintendent Snyder reported the enrollment in the high school as 482 and a total enrollment in all schools of the city of more than 1,700 pupils. This is the largest in the city's history. In all but two ward buildings the boys outnumber the girls. There are 211 young men and 270 young women in the high school.

# TWO HUNDRED PAY FOR NEW PAVEMENT

## Time for Making Payment is Extended

From October 7 to

October 15

Two hundred owners of property abutting on streets which were repaved this season have paid the amount of their assessment to the city treasurer.

It was proposed to limit the time that payments could be made to Oct. 7, but as a number of property owners asked an extension the city officials granted their request and placed the final date at next Saturday, October 15. Assessments not paid at this time will be carried in the tax roll over a period of five years, deferred payments being charged interest at 6 per cent.

### RETURN TO KANSAS CITY

#### Oil Producer and Wife Making Motor Trip to Their Home

Mr. and Mrs. G. A. Gullickson and Mr. and Mrs. F. W. Black drove to Antigo on Sunday and spent the afternoon among friends in that city.

The latter named couple, who visited during the summer at the home of Mrs. Black's brother, Mr. Gullickson, left here this morning on their return to Kansas City, Mo., going via automobile through Portage, Kilbourn and Madison. Mr. Black is one of the leading oil producers in the Kansas district, he being interested in fourteen wells at the present time. Drilling work will be started immediately upon his return and the company expects to eventually have forty producing wells.

# SOCIETY AND WOMEN'S NEWS

## Local Couple Married

Miss Grace F. Thompson and Harold Foster, well known local young people, were quietly married Monday evening at 8:30 o'clock by Rev. James Blake at his residence on Church street.

The ring ceremony was used and the attendants were Miss Geneva Foster and Walter E. Johnson. Mr. and Mrs. Frank Thompson and Mr. and Mrs. E. J. Foster, parents of the couple, were also present.

The bride and groom were classmates in high school, the former graduating in 1919 and the latter in 1920. Mrs. Foster has been employed as bookkeeper at the Metropolitan store here. The groom is employed as a clerk for the Soo railway here.

The couple will reside for a time at the Foster home at 1004 East avenue.

## Marries De Pere Girl

Victor Charles Burt, a locomotive fireman on the Soo line, with headquarters in Stevens Point, was married at DePere last Wednesday afternoon to Miss Renata Alvina Tetzlaff, daughter of Mr. and Mrs. Julius Tetzlaff, old residents of the latter city. The ceremony was performed at the home of the bride's parents by Rev. S. Gruenfeldt. Miss Marvel Burt was bridesmaid, Elmer O. Tetzlaff served as best man and George W. Burt as usher. A reception and dinner followed, the rooms being beautifully decorated with fall leaves and autumn flowers. A basket of Russell roses formed the centerpiece on the dining room table.

Mr. and Mrs. Burt are on a wedding journey to Milwaukee, Minneapolis and Minot, N. Dak. They will be "at home" in Stevens Point after Nov. 1.

## Banns of Matrimony

The banns of matrimony were announced for the first time at St. Stephen's church Sunday morning for Miss Kathryn O'Connor of Stevens Point and Charles Dineen of Arnott.

## Wedding Anniversary

The Portage County Press of Almond contains the following:

"A very pleasant twenty-fifth wedding anniversary celebration was planned and carried out by Mr. and Mrs. Henry Karnopp at their home Saturday evening. That day was also the second wedding anniversary of their daughter and her husband, Mr. and Mrs. Herman Knipple.

"The guests present included Mr. and Mrs. Herman Knipple and son, Rev. and Mrs. H. Feldt and family, Mrs. Bertha Mathe, Miss Stella Mathe, Miss Golden Kischel, Mr. and Mrs. Wm. Karnopp and daughter Viola of this village, Rev. Henry Karnopp of Ripon, Emil Karnopp of Milwaukee and Harvey Karnopp, Stevens Point.

"When all had assembled an elegant wedding dinner was served.

"Following the dinner the little son of Mr. and Mrs. Herman Knipple was baptized Darwin Jack Knipple by his great, great uncle, Rev. Henry Karnopp of Ripon.

"During the pleasant evening which followed short talks were made by Rev. Mr. Karnopp and Rev. Mr. Feldt. Music and talking over olden times helped to pass the time all too quickly and as the guests departed for their homes all wished Mr. and Mrs. Karnopp many more years of happy wedded life."

## A Happy Reunion

At the residence of G. E. Morrill, 615 S. Division street, Sunday, was a happy gathering of relatives and friends numbering eighteen. They were Mr. and Mrs. A. J. Baker, of Everett, Wash.; Mrs. A. B. Dwinell, who recently returned from Portland, Ore.; Mr. J. W. Gilman, Miss Gladys Gilman, Mr. and Mrs. Guy Gilman and daughter Gladys May, of Plover; Mr. and Mrs. Howard Dake and daughter, Elaine, Mr. and Mrs. C. J. Green of this city, John Swan of Minnetonka, Edgar A. Williams of McDill and Miss Ivah Harvey. Madamess Dwinell, Baker and Gilman are sisters of Mr. Morrill.

Mr. and Mrs. Baker will return to the coast in a few days, stopping over at Minneapolis and Miles City, Mont., to visit other relatives and friends. Mrs. Dwinell will go to Chicago and spend the winter with her daughter Ethel. The visitors are very much impressed with the improvements that have been made since their last visit to the "City Worth While."

## Officers Re-elected

Officers of the Woman's Foreign Missionary society of St. Paul's M. E. church were elected at a meeting held at the home of Mrs. Paul Hoffman. Mrs. R. A. Barnes, wife of Rev. Mr. Barnes, pastor, was made vice-president, taking the place of Mrs. G. M. Calhoun.

The officers are Mrs. W. E. Marsh, president; Mrs. R. A. Barnes, vice-president; Mrs. Ed Martin, secretary; Mrs. Walter Johnson, treasurer and Mrs. F. W. Phannuel, corresponding secretary.

Rev. W. W. Wilson led the devotions, and conducted the election. There was a good attendance at the meeting and light refreshments were served.

## Many Attend Installation

Two hundred Foresters and their

ladies assembled at the hall of St. John's court, Sunday evening, to witness the installation of recently elected officers and listen to the addresses which followed.

Leo Winecki of Chicago, high court trustee, acted as installation officer, assisted by Emory L. Mangold of Wausau, state vice chief ranger. Ceremonies of installation were conducted with the aid of rituals recently adopted by the Forester order and proved very impressive.

Talks were made by Messrs. Winecki and Mangold, Rev. S. A. Elbert and Rev. Victor Hopps. A chicken pie supper was served under the direction of M. E. Check, speaker of St. John's court during the past year.

Visitors came here from Wausau, Junction City, Milladore and Custer.

## Farewell Party

Nearly seventy Royal Neighbors and Woodmen arrived unannounced at the William Hewitt home in Lanark last Monday evening with baskets well filled.

The Hewitts were taken unawares but entered heartily into the spirit of the occasion and several happy hours were spent playing cards and visiting. At 11:30 o'clock a supper was served.

All returned home wishing Mr. and Mrs. Hewitt much joy and happiness in their new home at Waupaca, where they are now residing.

# BITS OF NEWS Mostly Personal

## THURSDAY

R. E. Newby and Granville Wallace drove up from Milwaukee Tuesday with two five-passenger Buick cars, which have been placed in Mr. Newby's display room on Strong's avenue. The Stevens Point people were compelled to detour a number of times because of road construction on the main traveled highways.

Rev. A. Malkowski, pastor of St. Stanislaus church, went to Manitowish and Two Rivers Wednesday afternoon. At the latter place he will visit among parishioners of his brother, Rev. Theo. Malkowski, who has gone to Europe to see his aged mother who is ill.

Al Gardiner, an early day resident of Stevens Point but for several years living at Hancock, was a guest at the home of his daughter, Mrs. J. L. Riston, Tuesday night. Mr. and Mrs. Gardiner are moving to Chippewa Falls, where they have purchased a comfortable home and expect to remain permanently. Another daughter, Mrs. W. H. Hickox, lives at Chippewa.

C. A. Joerns and J. J. Normington left Tuesday morning by car for Florence county, where they are spending several days hunting partridges. They expect to return home the last of the week.

Mrs. Lyman Copps of Marshfield is visiting at the home of her father, John A. Murat.

Mrs. Mary E. Neff of Oshkosh returned home this morning. She had been visiting for several weeks with her niece and nephew, Miss Ella and Ben S. Ellenwood.

M. F. Pierce of Plover returned Tuesday afternoon from a six weeks' visit at Cadott. Mr. Pierce's son, Wilmot J. Pierce, is engaged in the drug business there. The latter's grandmother, Mrs. Geo. W. Wilmot, was accompanied to Cadott by her son-in-law the latter part of August. She has been in poor health for some months, the result of a general breakdown because of her advanced age of 81 years. The grandson and his wife are giving Mrs. Wilmot every possible care and attention.

## FRIDAY

Dr. Henry V. Ogden, one of Milwaukee's leading physicians, visited for a few days this week with medical staff and their families at River Pines sanatorium. Dr. Ogden is a booster for this well known institution, the location of which he considers as ideal.

Mrs. T. W. Brabany and little daughter, Mary Jane, who visited during the summer at the home of Mrs. Brabany's sister, Mrs. J. W. Dunegan, left on this morning's train enroute to Washington, D. C. They will spend several days in Milwaukee before proceeding to their destination.

Mrs. T. W. Kalebele of Tracy, Minn., a guest for the past month of her mother and sister at the O. H. Strache home on Strong's avenue, left for Tracy this morning.

Mr. and Mrs. N. Gross are spending a few days with Milwaukee friends.

Mrs. S. H. Fish, who spent a couple of months at the home of her son, John T. Fish, left here this morning on her return to Kansas City, Mo. Another son, who is purchasing a tract for the state of California, with headquarters at Sacramento, will visit his mother at Kansas City a few days and may then come to Stevens Point.

Miss Myra MacInnis, teacher of history in the Waupaca high school, is spending the week end with Miss Bertha Olmson, 816 Main street.

Mrs. George J. Thiele of Green Bay is visiting at the home of her sister, Mrs. J. W. Clifford.

Mrs. H. J. Fisch, Mrs. E. A. Oberweiser, Mrs. T. H. Hanna and Mrs.

G. B. Park are spending the day at Waupaca lakes.

Mr. and Mrs. James Rice, 612 Strong's avenue, are the recipients of a dispatch from Pontiac, Ill., telling them of the birth of an eight-pound boy to Mr. and Mrs. M. J. Finnell on Thursday. Mrs. Finnell was formerly Miss Hazel Rice and is a daughter of Mr. and Mrs. James Rice.

Mrs. G. S. Gunderson returned home Thursday morning from a visit of several weeks with friends at Ironwood, here.

Prof. and Mrs. M. H. Jackson and Mr. and Mrs. W. H. Carey drove up from Wisconsin Rapids Friday afternoon and mingled among local friends a few hours.

W. Del Curtis of Wausau, district deputy for the Knights of Columbus, and his wardens, J. J. Kielly, of Merrill, drove here Thursday evening, coming down to install the recently elected officers of Council No. 1170. The largest attendance of members in several years turned out to greet the visitors and witness the installation ceremonies. An enthusiastic talk was given by Mr. Curtis and later in the evening a luncheon of sandwiches, doughnuts, coffee and pickles was served. Many Knights from Stockton, Buena Vista, Lanark and Junction City attended Thursday night's event.

## SATURDAY

Mrs. J. H. O'Brien Francis and Marabelle O'Brien are spending today with V. U. Billo's family at Marshfield.

With her daughter Mrs. J. V. Welsh, left this morning for her former home at Oakdale, Monroe county, for several days' business and visiting trip.

George H. Lann returned home Friday from Milwaukee where he purchased a new stock of rugs for the Boston Furniture company.

Mr. and Mrs. Leo Scherke drove down from Wausau this morning. Mrs. Scherke leaving on a Soo line train for a short trip to Chicago.

Mrs. John G. Beck left for Milwaukee this morning to spend a few days with her son, Joseph Beck, and other relatives.

Donald Vetter left this morning for Chicago to visit a couple of days with his brother, Carl, a student at the University of Chicago.

Misses Margaret and Anna Gliwinski, salesladies at Henowitz's, have come to Chicago for a short visit with their brother and sister.

Mrs. Jos. Wozniak is visiting friends in Chicago a couple of days. Mrs. Geo. D. Oertel and son Robert, have come to Appleton for a visit at the home of Mrs. Oertel's sister, Mrs. Wm. Mowbray. They will also spend a day or two in Oshkosh.

Mr. and Mrs. J. W. Walsh and child, Leon, are spending a few days with Milwaukee friends.

Mr. and Mrs. E. W. Leach and sons, Allan and Walden, are spending a few days in Chicago and Toltel Ill.

Mrs. J. V. Collins have gone to Chicago to visit at the home of her son, Paul F. Collins who is employed in aviation service there. Incidentally Mrs. Collins will become better acquainted with her new grandson.

Mrs. Josephine Lake and daughter, Miss Mary Lake of Dane, have come to St. Joseph, Mich. for a visit at the home of another daughter and sister. They expect to remain there a couple of weeks.

Mrs. Frank Altenhump and Mrs. I. Dackes left for Chicago today for a short visit with friends.

Mrs. Fred Shonnette and little son and daughter left for Chicago this morning to visit Mrs. Shonnette's mother and other relatives.

Mr. and Mrs. Robt. Tutz and daughter Lorraine are visiting relatives at Oshkosh.

Gen. A. Park and Walter Patula joined the excursionists to Chicago this morning and will visit there until Monday.

John P. L'Assault is visiting in Chicago for a couple of days.

Mrs. Ray Miller has come to Minneapolis for a visit with former neighbors in that city.

Mr. and Mrs. Thos. Winkler are spending the week end in Chicago, going down to visit at the home of a daughter.

Mrs. Stanley Niespodziani and son, Leo, went to Chicago today to visit Mrs. Niespodziani's aunt, Mr. and Mrs. I. Kotorek.

## MONDAY

Mr. and Mrs. C. E. Van Hocke spent Sunday at Marshfield, going up to visit their son-in-law and daughter, Mr. and Mrs. J. S. McDonald.

Dr. and Mrs. F. J. Krambs and baby daughter have come to Superior for a week's visit with Mrs. Krambs' parents, Mr. and Mrs. E. Schulhof.

Rev. Victor Hopps, assistant pastor of St. Peter's congregation, left for St. Paul Monday morning and will spend the week there. On Wednesday he will attend a gathering of alumni of St. Paul seminary when several hundred former students are expected.

Mrs. A. Wooding and little daughter, Ella May, of Clay, New York, are visiting Mrs. Wooding's sister, Mrs. C. J. Rolfsen, 1127 Main street. They will remain here several weeks.

Misses Welch and Mansur, librarians at the Normal school, and Miss Anderson of the public library left for Milwaukee Sunday afternoon to attend a conference on library work held in that city today.

drove here from Waupun Friday and are visiting his sister, Mrs. J. W. Dumbleton, Church street, and his brother, C. W. Eagleburger on Ellis street.

Mrs. H. J. Finch was a week end visitor in Milwaukee, the guest of her son and daughter, Edward and Miss Grace Finch, who are located in that city.

Henry Simpler, Civil war veteran, who is now being kindly cared for at the Wisconsin Veterans' home, Waupaca lakes, visited a few days last week with his son, Joseph Simpler, in the town of Linwood.

John Winecki was an over Sunday visitor with his sister in Milwaukee, and with friends at Waukegan, Ill.

M. J. Murphy of Ely, Minn., is visiting at the home of his sister, Mrs. H. J. Levi on Brawley street.

Mr. and Mrs. H. H. Young were over Sunday visitors at Oshkosh.

Miss Catherine Scheffner of Arnott, visited at her mother's home on West Ellis street last Saturday. Miss Catherine and her sister, Miss Tillie Scheffner, left for Milwaukee that afternoon and visited friends a couple of days.

Mrs. J. J. Heffron left for Chicago Saturday afternoon and will spend most of the winter in that city. She has leased an apartment at 5,304 Woodland avenue, which will also be the temporary home of her daughter and son, Miss Pearl and John Heffron Jr. Both are nursing studies in that city. Miss Heffron is a senior at Chicago university and expects to secure her bachelor degree during the coming holidays. John is taking a course in commerce at one of the schools affiliated with DePaul university.

Mrs. Allard C. Haertel of Bristol, Kenosha county, returned to her home Saturday afternoon. She had visited for some time with her parents, Mr. and Mrs. John Kaczmarek, and among other local relatives.

Mrs. J. H. Bellinger, who has been spending a few weeks with her sister Mrs. Herbert Harvey and other local relatives will leave on Tuesday for her home near Chamberlain, S. Dak. Mrs. Bellinger is a matron at the Crow Creek Indian reservation and has been located there for several years.

Mrs. Gerald Weller and daughter, Lois, of Fond du Lac, are visiting at the home of Mrs. Weller's parents, Mr. and Mrs. B. W. Willett, 719 Church street.

A daughter was born to Mr. and Mrs. L. J. Ertson, Sunday October 9.

Miss Kate Welch, who visited for several weeks with her brother at her home in this city, left Sunday afternoon for Cleveland, Ohio, to resume her position with an educational publishing company.

Misses Georgia and Gertrude Stockly, teachers in the Fond du Lac city schools, were week end visitors at their home on Clark street.

Mrs. B. D. Berry and Miss Florence Shepherd drove up from Chicago the latter part of last week and are visiting at the home of Mr. and Mrs. E. McGlathlin, parents of Mrs. Berry, at 1949 Main street.

Mrs. A. L. Halstead is spending a day or two with friends at Oshkosh.

Miss Augusta Augustad, a former resident of this city, when she followed the calling of a trained nurse, visited for several days last week with Mrs. Chet Gardiner.

Mrs. Mary Finneran Grant of Everett, Wash., a pioneer resident of Stevens Point, visited among local friends on Sunday. Mrs. Grant was en route to Pullman, Ill., to spend several weeks at the home of her brother, Mike Finneran. This family will be remembered by many of our older people, they having lived in the town of Stockton and this city.

A Perkins of Waukegan was an over Sunday guest at the home of his sister, Mrs. M. A. Haddock. Mr. Perkins is one of the officers and a large stockholder in the Waukegan Motors company, makers of motors for automobiles and trucks. It is Waukegan's biggest manufacturing institution.

Mrs. Geo. Buchan of Milwaukee is visiting at the home of her brother, A. Theo. Johnson and with other local relatives.

Mrs. Robt. S. Cochrane of Chippewa Falls and Mrs. W. T. Andrews of Chicago are visiting a few days with Miss Mina Andrews and numerous other friends at their former home.

The Cochrane family moved to Chippewa a year ago, where Mr. Cochrane makes his headquarters as engineer on the Soo line between that city and Eau Claire.

Ed Voge, a member of the office staff in the Soo line division headquarters, is enjoying a week's vacation with friends at Aberdeen, S. Dak.

Mrs. Melva D. Masters of Mineral Point who had been a guest of her sister, Mrs. Harold G. Frost on Clark street, returned home this morning.

Mrs. L. R. Lamb has returned home after a visit with her daughter, Mrs. L. K. Hansen in Chicago.

Raymond Clifford and bride of Chicago were Sunday guests at the home of his mother, Mrs. M. Clifford.

Mr. and Mrs. Herman Lutz and family motored to Marshfield Sunday and visited at the home of Mr. and Mrs. Frank Welsh, formerly of this city.

Dr. and Mrs. Garold Jensen, Mrs. J. L. Jensen, Mrs. G. B. Clark and Mrs. V. P. Atwell drove to Oshkosh Saturday and visited there until the next day.

Mrs. T. H. Hanna and son, Tom, and

This intimate photograph of the late Cardinal Gibbons and the late Theodore Roosevelt, was recently presented to the collection of the cardinal and was the first time it has ever appeared in a newspaper.

Miss Mary Hanna were week-end visitors at Manawa.

Mrs. Emma Burr went to Oshkosh today as a delegate from the local chapter to the state convention, D. A. R., in session there this week. Mrs. Burr will also visit relatives at Oshkosh before her return.

## TUESDAY

Mrs. Mary A. Richards went to Oshkosh today and will spend part of the week there in attendance at the state D. A. R. conference.

Mrs. W. W. Mitchell and Miss Ruth Cate have gone to Oshkosh to attend the D. A. R. conference, in session there this week.

Arthur Hewitt of Waupaca spent the past week at the home of his parents at Lapark.

Mike J. O'Brien and family have moved to Marshfield, where Mr. O'Brien will make his headquarters while employed in train service on the Soo line between that city and Nekeosha.

Mrs. Geo. H. Mayer of Minneapolis visited in Stevens Point Monday night and left for Neenah this morning. She was accompanied by Mr. Mayer, superintendent of telegraph for the Soo line.

Rev. Jas. C. Hogan and Rev. W. H. Kiernan spent part of today at Custer, going out to assist Rev. L. M. Schorn in conducting thirteen hour devotions at St. Mary's church.

Mr. and Mrs. John Finkleson of Milwaukee are visiting at the homes of Mrs. Finkleson's sister, Mrs. Harriet King, and her brother, Frank Blood.

Louis Rouskey returned Monday after an absence of several weeks, which time he devoted to Wisconsin fairs with a ball-throwing concession. It rained nearly every Thursday during these fairs.

Mrs. W. E. Telchert and Mrs. Peter Clausen spent part of today at Junction City, guests of Mrs. Wm. Ariens.

Mr. and Mrs. J. M. Doyle returned Monday from a two weeks' trip to Chicago and other places in Illinois and southern Wisconsin. They spent a day at Mooseheart, Ill., where 1,100 orphans are being generously provided for by members of the Moose brotherhood.

Mrs. J. H. O'Brien was called to La Crosse today by a message stating that her mother is dangerously ill. The latter is suffering from a complication of ailments due to advanced age and it is feared she may not survive.

Mrs. Charles D. Keeney went to Wausau today afternoon for a couple of days' visit at her former home. A son was born at the home of Mr. and Mrs. Henry Krutz at Portage October 4.

Mrs. Stephen Blattery of Sturgeon Bay is spending a few days in the city, a guest at the home of her daughter, Mrs. James P. Glennon, Normal avenue.

# Where Do You Stand?

Only a few years ago if a man died carrying \$100,000 life insurance it occasioned considerable comment, but now big business and professional men buy even larger amounts of both personal and corporation Life Insurance. It is because they realize that some definite substitute for at least a part of their productive ability must remain after they are gone.

Is the ratio of your life insurance to your present income large enough?

Probably not. Then try this plan—start a savings account in this big bank with one dollar or more. Add to it regularly and you can take out a good sized policy.

# JUSTICE FOR 52 YEARS, JAMES B. CARPENTER DIES

Venerable Citizen Passes Away in the Town of Linwood

James B. Carpenter, justice of the peace in Portage county for 52 consecutive years, said to be the longest consecutive service as a justice of the peace in Wisconsin, died Friday morning at 6:20 o'clock at the home of his daughter, Mrs. W. R. Parland, in the town of Linwood.

Mr. Carpenter had been failing for the past 16 months and had been at the home of his daughter. He was first afflicted with intestinal trouble, and he never rallied from this illness. His old age and consequent weakness caused him to fail rapidly toward the end.

**Five Children Survive**

There survive the widow and five children as follows: Mrs. W. R. Parland, Mrs. John McLeod, Eau Claire; Sidney F. Carpenter, West Baden, Ind.; Mrs. E. M. Lalonde, Rhinelander, and James R. Carpenter, Minneapolis, Minn.

The funeral was held Sunday afternoon at 2 o'clock from the Boston furniture and undertaking rooms. Rev. James Blake officiated and burial followed in Forest cemetery.

**Born in 1833**

Mr. Carpenter was born in Ithaca, New York, on October 10, 1833. He would therefore have been 88 years of age on Monday, had he lived. When a young man of 21 Mr. Carpenter left his home and came west, spending the first winter in a lumber camp near Minneapolis. After that winter there came to Wisconsin and worked as a lumber man about this section of the state. He was proficient in his work, and rose to the position of head sawyer in what was then the Wood mill at Mill Creek.

He was also a riverman, and while at his work on the Wisconsin river between Wisconsin Rapids and Nekega lost a leg when it was caught by a cable that was being snubbed to a tree. A huge raft of logs was being held by the cable and when it became fast his leg was crushed. The accident occurred in 1860.

**Became Justice**

A few years after that he went to Plover, then the county seat of Portage county, and was elected as justice of the peace. He remained in that position steadily until his eyesight failed him a few years ago and he was forced to retire after a period of 52 years.

While the county seat was yet at Plover Mr. Carpenter was elected county clerk, and he held that position for nearly 20 years, moving to Stevens Point a year after the removal of the county seat to this city, 1868. He retired from that position in 1879, and some years later was elected a supervisor from the Third ward, making him a member of the county board of supervisors. He was a very able man in that position, and was a member of the board as supervisor from the Third and later the Fifth ward, up to 1917, when he retired, after nearly 30 years of service.

**A Leading Figure**

During early days Mr. Carpenter was a leading figure in this country. He was an able man and his knowledge of the law and affairs made him a valuable public officer.

## CRANBERRY GROWERS ARRANGE FOR WATER

Fill Reservoirs from Drainage Ditches and Later Flood the Marshes

A group of Wood county cranberry growers, interested in securing a uniform supply of water for their marshes, met with the commissioners of the Wood County district at the court house in Wisconsin Rapids in an effort to arrive at arrangements whereby the growers can secure water from the drainage ditches. Circuit Judge B. B. Park of this city, who has supervisory control over the commissioners, was present.

A temporary arrangement was entered into by which the berry men will be able to secure water for their reservoirs this fall, so as to insure an adequate supply for winter flooding. A committee was appointed by the growers to draw up a cooperative agreement for the carrying, handling and storing of water. It is probable that if these plans mature, permanent arrangement can be made for securing an ample water supply. The meeting was attended by 15 cranberry men, representing the leading growers.

## FARMER DROPS DEAD

Young Man Expires Suddenly in Ogdenburg Village

George Gray, aged 24, residing on a farm two miles southeast of Ogdenburg, dropped dead while in the village on a business trip on Wednesday. He had been in the best of health. A widow and one child, his mother, Mrs. Ann Gray and a sister, Mrs. Frank Gray, survive. His father, the late William Gray, died suddenly a few years ago.

## Two Gowns for Young Miss

Two lovely gowns for the small miss are of pussy willow crepe and will o' the wisp. As is appropriate, the rose will o' the wisp is a party gown while the pussy willow, trimmed in points on panel, bands of the skirt and the slashed sleeves, is a semi-dress frock.

## POTATO QUEEN TO BE ELECTED IN THIS COUNTY

Votes Will Sell at One Cent Each for Balloting on Most Popular Girl

Who is going to be Portage county's potato queen this fall? This question will be decided between October 24 and 28, the dates for the second annual potato week observance. A unique contest has been decided upon, which will give every girl in Portage county an equal chance to win the coveted honor.

It will cost exactly one cent to cast a vote for potato queen this fall. But voters will not be restricted to one ballot. They will be privileged to vote as often and as many times as they see fit.

**Polls in the County**

Polls are to be established in central locations in many townships. This decision was arrived at to enable relatives, friends and admirers of the girls in their community to elect the queen of their choice. In order to make the contest really worth while, and to make the premiums for the potato show as substantial as possible, the plan to have each vote accompanied by one cent was agreed upon.

**Starts October 15**

The competition is county wide and open to any young lady in Portage county. Polls will open on Saturday, October 15, and the results will be recorded daily, giving the standing of each candidate's popularity. Honors will not go to the winner alone, however, but will be shared with five other young ladies obtaining next highest honors. Secretary Body of the Chamber of Commerce, the president of the Chamber, the president of the Stevens Point Hotel company and the mayor have promised a banquet to the six highest winners at Stevens Point's new hotel shortly after it is opened.

**Miss Campbell Queen**

Keen competition is again expected this year. It is remembered that Miss Kathryn Campbell, rural school teacher in the town of Amherst, is still the queen by virtue of having received the largest number of votes last year. The contest proved exciting toward the finish, hundreds of friends of several candidates who were in the race casting ballots just before the polls closed.

## WAUSAU MAN GOING TO CALCUTTA, INDIA

Engineer to Install Linings in Paper Mills Using Bamboo as Raw Material

George F. Cropsy of Wausau, who represents an engineering and manufacturing company of Watertown, N. Y., will leave Wausau October 15 for New York, where he will sail on the 18th for Calcutta, India, with two assistants, to spend six months installing acid proof linings in sulphate pulp mills at Calcutta.

The mills in which the linings will be installed use bamboo as the raw material for the making of paper instead of wood pulp, which is the common ingredient of papers in this country. A light weight paper used for Bibles is also made. Mr. Cropsy declares that India is developing as a paper making country faster than China, Manchuria, Japan, or other Asiatic countries and that many new mills are being started.

## NEW LIBRARY BOOKS

Twenty-five New Volumes May Now be Obtained—Story Hour

The following new books have been added at the Public Library:

Abbott, Italy week.  
Butler, Commercial correspondence.  
Cahill, Office practice.  
Canby, Every day Americans.  
Commons, Industrial government.  
Dana, Library primer.  
Gale, Miss Lulu Bett.  
Gardner, Effective business letters.  
George, Hall Columbia.  
Gregory, Dragon.  
Hamby, Desert fiddler.  
Hutchinson, It winter comes.  
Ivey, Elements of retail selling.  
Johnson, National defense.  
Kantor, Advertising.  
McCord, Text book of filing.  
Marshall, Spring walk in Provence.  
Shaw, Back to Methuselah.  
Strachey, Queen Victoria.  
Verrill, Amateur carpenter.  
Vivian, Everyday chemistry.  
Walpole, Thirteen travelers.  
Williams, What's on the workers' mind.

The "Story Hour" will be held at the Public Library Saturday morning at 10 o'clock. Every child in the city is invited.

## LOCAL MEN INJURED IN AUTO ACCIDENT

Machine With Moose Members Is Wrecked Returning From Wisconsin Rapids

A Buick touring car owned and driven by Joseph Hoffman, 819 Wisconsin avenue, was badly wrecked and Mr. Hoffman and four other Stevens Point men who were in the car were injured in an accident on Highway 66 a short distance east of Wisconsin Rapids Wednesday evening. Others in the party were E. H. Flentje, Louis Elchier, Olaf Peterson and H. D. Flechier. All five men were bruised and severely shaken up but not seriously hurt.

The local party was returning from Wisconsin Rapids after attending a Moose initiation earlier in the evening, and the accident occurred when Mr. Hoffman attempted to pass a roadster said to have been driven by a resident of that city or Port Edwards. Mr. Hoffman sounded his horn and started to pass the car in front of him after its driver had given a part of the road. When nearly opposite the roadster, its driver turned back to the left and the crash was unavoidable, according to the version of the local men. The touring car was tipped over and its occupants thrown out. The wrecked car was later towed to a garage in Wisconsin Rapids. Only small damage resulted to the roadster.

## FUNERAL AT BARABOO

Rev. R. A. Barnes Officiates for Veteran Methodist Pastor

Rev. R. A. Barnes, pastor of the Methodist church, was called to Baraboo Friday to officiate at the funeral this morning of Rev. W. R. Barnes of Madison, who had been a minister of the Methodist church for 35 years and held pastorate at La Crosse, Platteville, Sparta, Brookfield, Wis., and Mauston. Rev. Mr. Barnes and Dr. Barnes were personal friends and the deceased had a pastorate under the supervision of the Stevens Point pastor.

## SCHOOL LIBRARY JOB IS AWARDED TO LOCAL FIRM

Otrich-Shropshire, Inc., Successful Bidders for Work at State Normal

The contract for the new library at the State Normal school has been awarded to Otrich-Shropshire, Inc., of Stevens Point, at a cost of \$16,867.67, it was learned from Regent C. S. Orthman today. Three concerns bid in on the job, the others being a Milwaukee and a Chicago contractor. The bids were opened in the office of normal regents at Madison a few days ago.

Work on the library will begin as soon as the contract receives the approval of Governor John J. Blaine. While he has the power to turn it down, it is believed that he will act favorably in view of the urgent necessity for larger library quarters at the state institution here. Present library facilities are far from adequate and the big enrollment of students this year makes the problem still more difficult.

**Not a New Building**

The new library will not be a new building in itself, but will be a permanent improvement within the main Normal building. It will be located on the second floor of the building, occupying the floor space now taken up by the old assembly room. Adjoining it to the west will be a modern document room, which will take up part of the present library, the remainder of which will be converted into class rooms. Librarian offices will be located to the east of the new library and will be linked with the text library farther east on the same floor. Much additional floor space will be provided and the several rooms will be grouped together as a unit.

**Modern Throughout**

The plans and specifications call for new floors and furnishings. In fact the entire interior space is to be completely equipped with handsome and modern furniture equipment. New stacks for books will be installed there will be new desks for the librarians, new tables for students and new chairs throughout. Cupboards will be erected for pictures and for reference books. President John F. Sims stated that when the library is completed in its entirety it will be one of the finest libraries in the state.

The length of time to complete the job depends somewhat upon ability of the contractors to secure equipment, but it is believed that the job can be completed in 30 days' time. Action on the contract by Governor Blaine is expected in the near future.

## CAR TIPS OVER, BUT DRIVER IS UNINJURED

Rights Automobile and Then Drives It Off Under Its Own Power

An automobile, driven by a man whose name could not be learned today, went off the approach to the bridge at Mill Creek at 10 o'clock Friday morning, turning completely over and pinning the driver, the only occupant of the automobile, underneath.

The car was being driven west on the road at Mill creek. There is a turn in the road at this point. The driver steered his car around the turn successfully, but failed to straighten out the front wheels, and the auto went off the edge of the road and dropped into the ditch, a distance of more than five feet.

The car turned over as it went down, crushing the top and breaking a windshield. The driver crawled out from beneath the auto without assistance, and with the help of neighboring farmers, righted the auto, put it back on the road again and he drove off.

## SEASON CLOSING TODAY

Partridges Again Protected Under the State Game Laws

The open season on partridge ended Saturday and the birds will again be protected by law for nearly a year. Tuesday was the first day of the open season, five days of hunting being permitted this year after five years of protection.

Hunters have met with varied success, some getting nearly the bag limit while others came home with few or none. Unless dogs were used to free the partridges, sportsmen found it necessary to shoot the birds on the wing. Few birds were so tame that they would not quickly fly up from the ground when approached by hunters.

## JAMES B. CARPENTER BURIED

The funeral of the late James B. Carpenter was held Sunday afternoon at 2 o'clock at the Boston Furniture and Undertaking parlors. Rev. James Blake officiated the services. Followed by a large concourse, the remains were taken to Plover for burial in the Plover cemetery.

The pallbearers were: County Judge W. E. Owen, Register in Probate F. A. Neuberger, County Clerk A. E. Bourn and County Treasurer Earl Newby.

## STARTS UNUSUAL SUIT

Farmer Claims Damages Due to Fire From Threshing Machine

An action for \$12,000 alleged damages has been brought against F. Gerholz and Otto Gerholz, owners and operators of a threshing machine outfit near Merrill, by Robert R. Hackbarth, who alleges that through negligence on the part of the threshing machine operators, his barn, together with its contents, was destroyed by fire a year ago.

The defendants have filed a counterclaim for the loss of their threshing machine and allege that the fire was caused by a piece of wood or iron left in the grain or in a bundle which entered a fast revolving cylinder and started the blaze. The counter claim is for \$1,250.

The action will come up for hearing at the regular fall term of circuit court in Lincoln county.

## VARIOUS SALARIES PAID IN VILLAGES

Presidents and Clerks Receive All the Way from \$12 to \$1,200 a Year

A wide range of salaries paid to village officers is shown in a preliminary report on "Comparative Salaries of Village Officials in Wisconsin" just completed by the municipal information bureau of the university extension division.

In tabulated form, the report gives population, salaries of president, clerk, treasurer, assessor, marshal and trustees of the 334 villages in the state with a supplementary table of other officers in certain villages. When data has been secured from 55 villages which did not report, the information will be put out in printed form.

The largest village in the state is Shorewood, in Milwaukee county, with 2,500 residents. Other large villages are: North Fond du Lac, with 2,150; West Milwaukee, 2,101; Little Chute, 2,017; Niagara, 1,946; Hamilton, 1,890; Nekega, 1,639; Arcadia, 1,418; Kimberly, 1,382; and Mt. Horeb, 1,360.

The smallest village is McMillan, Marathon county, with 51 residents. Other small villages are: Sheldon, 123; Ingram, 124; Wood, 138; Rockdale, 139; Conrath, 145; Oliver, 153; Hustler, 163; Union Center, 170; and Glen Flora, 174.

Salaries of village presidents range from \$12 or \$15 a year, perhaps at a monthly rate up to \$50 or \$75 a year. Niagara, Marinette county, pays the highest salary, \$150. Nine other villages pay \$100 a year each.

The village clerks of Shorewood and North Milwaukee, receive \$1,200 a year each, but other village clerks receive usually between \$100 and \$200 a year. Some of the higher salaries are: \$500 in Owen; \$480 in Arcadia and Cornell; \$450 in Niagara; \$425 in North Fond du Lac, and \$420 in Ellsworth and St. Croix Falls. Smaller salaries are \$5 in Union Center; \$25 in Ironton; \$30 in Conrath; \$30 in Sister Bay; \$40 in Blue Rapids, Hangen, and Rockdale; and \$45 in Barneveld.

Village treasurers are in general paid somewhat less than village village clerks. Their salaries range from \$25 to \$200 a year. The village assessor is paid by the day, ranging from \$3 to \$5 in many villages. In others his yearly salary ranges from \$10 to \$100.

Village marshals' salaries range from \$5 in Woodman to \$1,800 in Shorewood. Among the lowest salaries are: \$15 in Mattoon and Wild Rose; \$20 in Rochester; \$25 in Brillion and Scandinavia; \$30 in Steuben; \$48 in Coon Valley; \$50 in Browning, Gilman, Loganville, Colfax, Cornell, Hazel Green, La Farge, Omro, Owen, West Salem, Schofield, Schleiserville, Thorp, Viola, West Milwaukee, Whitefish Bay and St. Croix Falls.

## REVISE ELECTION LAWS

Office of Secretary of State Now at Work on Job

Madison, Oct. 11.—Organization and revision of the state election laws is being undertaken by the office of the secretary of state, which intends to compile the laws in pamphlet form for convenient use by voters, and election officials.

The last legislature provided an appropriation and gave authority to the secretary of state to go over the election statutes, bring them up to date, if altered by later legislative acts, and then print them in convenient form. It is found that the task is a difficult one because of the numerous changes made by each session.

The pamphlets will be distributed at once to all election officials in the state and will be sent to schools where they may be used to instruct pupils.

**Chinese Widows Seldom Marry.**

In China the remarriage of widows is regarded as an impropriety, and in wealthy families is seldom practiced, but among the poorer classes necessity often compels a widow to seek another breadwinner.

## PUT ROCCHDALES IN BANKRUPTCY U. S. DECIDES

Suits to Be Started by Government Wherever They Are Operating

Chicago, Oct. 19.—Authorities today announced they would file bankruptcy proceedings against the Co-operative Society of America in every field where the organization is in operation. This includes the Rochdale companies.

### Defies Receivers

Harrison Parker, sponsor of the company, today said his organization was solvent and "dared" the Central Trust company to seize his office records. "They won't do it because they know we could recover every bit of property the bank owns," he said.

Search was made by authorities today for bonds amounting to \$2,000,000 which, according to charges, have been hidden by Parker. Parker denied this.

### Wife Missing

Subpoenas have been issued for Mrs. Edith L. Parker, wife of Harrison Parker, who is, according to the testimony of her husband, on her way to Europe, but who has been reliably reported to be in hiding in Chicago.

Search of the passport records at Washington has revealed that if Mrs. Parker left the country she did not do so under her own name. Washington dispatches say the state department has been asked to issue no passports to any principal official of the Co-operative or its subsidiary companies, on the ground that they may be attempting to smuggle assets of the concern from the United States.

### Parker Deposed

Harrison Parker, John Coe, George Hawkenon, Vingie I. Bird, and others whose names have been used as trustees of the society were deposed yesterday by the receiver. Parker's private offices in the Great Western Securities company also were entered. All the employees of both the society and its subsidiaries have been instructed to take no orders from Parker, that the only way they can

## PASTOR IS RELEASED

Wausau Man Going to Marshfield to Take New Charge

At a meeting of the congregation of the Evangelical Lutheran Salem church at Wausau, the pastor, Rev. O. Hensel was released so that he might accept a call to the Immanuel Lutheran church of Marshfield. Rev. Mr. Hensel expects to preach his farewell sermon Sunday, Oct. 23, after which Rev. O. Kehrberg of Mosinee will fill the pulpit until the new minister arrives.

## ROSHOLT MAN TO HELP LAY CHURCH CORNERSTONE

The Wausau Record Herald contains the following: "The Immanuel Norwegian Lutheran church, the former Swedish Methodist Episcopal church building, corner Franklin and First streets, will be the scene of a cornerstone laying and dedication Sunday, October 30. The Rev. C. Haugstad of Merrill, the pastor, with the assistance of the Rev. J. Nordby of Deerfield, the Rev. A. Boyde of Scandinavia and Gearhart Peterson of Rosholt will conduct the services. The laying of the cornerstone will take place at the morning services. The ladies aid society will serve a dinner at noon and in the afternoon a business meeting will be held."

# NO OPPOSITION TO THE PETITION OF SCHOOL MEN

## Building Large Enough to House Vocational School Is Wanted

The common council last week unanimously voted for a new high school in Stevens Point and put it on record granting the petition of the board of education which asked funds for the first wing of the new building. It is estimated that the unit will cost \$150,000.

At the same time the council decided to have a hand in the decision on the kind of school to be built. A resolution was passed for appointment of a committee of the aldermen to work with the board of education, and this committee was given authority to obtain the advice of an architect.

### Friendly Committee

When Alderman Joseph Schoettel offered this motion, President L. P. Pasternacki of the board of education asked: "Haven't you any confidence in the board of education?"

"Yes," said the alderman. "I have entire confidence in it. But I think the council may be able to give you some suggestions of value. We have just suggested the vocational school be put into the building. We might be able to help you in other ways. This is not to be a fighting committee; it is to be an agreeable committee."

"And when I appoint it, I'll see that it is an agreeable committee," said the mayor, while the large delegation of visitors, largely ladies, attending the meeting, cheered heartily. The mayor first named Alderman McDonald as chairman of this committee, but on Alderman McDonald's own suggestion that he ought not to be on it because he is a member of the board of education, Alderman Schenk was made chairman and Alderman Schoettel and Moraga were appointed as the other members.

### New School Grows

Prior action being taken President Pasternacki addressed the council, exhibiting photographs of the proposed building. He said that in 1916 the high school enrollment had been 240, it had now grown to 500, and plans must be made for a school ultimately to be 1,000. The board recommended the building of a unit on the east, to be followed in five years by a unit on the west, each connecting with the old school in the center.

"Then, years hence," said Dr. Pasternacki, "when the city has grown and can afford it, we favor removing the old building to the center and completing the building by placing there in the central unit. That is a long time off." He said the first unit would be 172 feet north and south by 68 feet east and west. When the school is finally completed, it will practically cover all the ground in the block.

The doctor's talk made a good impression. He closed with the statement that relief of the situation should be effected by next fall and asked the council's advice and assistance.

### Mayor Gives Promise

"What assurance do you want from us?" asked Mayor Welsby.

"We want a definite statement from you that you will help us," said President Pasternacki.

The mayor replied for himself and the council: "Of course we will. We simply must take care of you. We must see that the children in Stevens Point have an education. We can promise you that we will give you this new school. All that remains to be done is to decide what is the best plan."

The mayor spoke with great emphasis and received a round of applause.

On question by Alderman Schoettel Dr. Pasternacki said that the vocational school was not provided for in the new unit. If it were to be put in, it would take more money. As the vocational school needs manual training and laboratory equipment, he believed it would be economical to house it under the same roof.

### May Save Something

Alderman Donermeyer then moved, and the motion was carried, that the board of education be instructed to prepare plans and specifications for the new unit, to get bids on the construction and then submit them to the council which pledged itself to allow the sum needed. The motion was passed in that form in preference to voting \$150,000 outright, there being some opinion that with present costs the building might be had for a small amount.

## BUILDS BUNGALOW ON EAST AVENUE

Excavation work has just been started for a new home of bungalow design at 404 East avenue. It is to be built for Robert Letz, now living in the Henry Frank building at Church and Madison streets.

The ground dimensions are 32x36 feet, with stone and concrete walls to be erected by Charles H. Wollen-schlaeger. The framework contract has been let to Arthur A. Miller, who will use all necessary haste in completing the job. It will be one story in height and wooden in every detail.

# Battering Bambi Gets "Slicked Up"

Looking in the mirror's chair is none other than the "Battering Babe" Ruth, getting all slicked up, just before the opening of the first world series game.

## IMMEL COMPANY IS AWARDED JOB FOR NEW HOTEL

### Sub-Contracts for Inside Work Will Bring Total Cost up to \$250,000

The general contract for Stevens Point's new hotel has been awarded to the Immel Construction company of Fond du Lac at a cost of \$191,354.

This decision was reached by the board of directors of the Stevens Point Hotel company after a dozen conferences had been held, at which bids from many firms were probed from every angle.

The Immel bid is exclusive of plumbing, heating, wiring and other inside work, which will be awarded to sub-contractors by the directors through their architect, Alfred C. Glas of Milwaukee, and which will bring the total cost of the completed building up to approximately \$250,000.

Keen competition among bidders resulted in a saving of thousands of dollars to the stockholders, directors and the architect announced. The hotel will be built at almost pre-war cost and at a figure far below estimates, without material changes in the original plans, the men further stated.

### Begin Work at Once

John Immel, the successful bidder, announced that he is ready to go forward with actual construction work almost at once, and it is probable that the building will be well under way by the latter part of this month. Local labor will be employed almost exclusively on the job.

Mr. Immel plans to bring only a foreman and a sub-foreman to Stevens Point, hiring local men for all of the building work if it is possible to get them here, he declared.

The new hotel, when completed and ready for operation, will represent an investment of \$250,000. The building itself will cost approximately \$250,000. The hotel company recently purchased the "Jacobs block" on Clark street, which includes the present Jacobs House, at a cost of \$80,000. The cost of furnishings for the new building, to be supplied by the operators, whoever they may be, will amount to approximately \$40,000.

### Five Stories in Height

The awarding of the contract precludes any possibility that construction work will not begin this fall. As originally planned, the big building will be five stories in height and will contain 120 rooms. Forty-eight rooms will be equipped with bath, 36 with showers and the remainder with running water. The exterior of the hotel will be faced with brick, with Bedford stone trimmings. The structure will be located at the intersection of Clark street and Stronge avenue, occupying the northeast corner of the Jacobs block directly across from the new building of the Hardware Insurance companies, now under construction.

Alfred C. Glas, the architect who drew the plans and specifications, after the contract had been awarded, stated that the price was less than 30 cents per cubic foot. He considers this the lowest price on any big contract awarded in Wisconsin since before the World War. This is accounted for by the strenuous competition of many bidders. All were anxious to land the big job and consequently cut their figures down to rock bottom. The directors took advantage of the figures submitted and finally awarded the contract to the Immel Construction company. The figures of several other bidders were close, but the Immel contract was the lowest.

### Asks For Payments

With construction work about to commence, Secretary F. Leslie Body has sounded an appeal to all stockholders to bring their payments up to date. Money will be needed at once, and it is paramount that citizens who pledged their financial support to the project now keep their pledges by completing their payments.

## Two More Streets To Join Paved List Plover And "Wyatt"

At the council meeting last week petitions for permanent pavement on Plover street, from Ellis street to Division street, and on Center avenue, from Clark street to Jefferson street the St. Joseph's church corner, were unanimously granted, and the board of public works was instructed to prepare plans and specifications for them.

The Center avenue petition asked the improvement on Center or Wyatt avenue, taking notice of the proposed new name of the street.

## SNOW FLURRIES GENERAL TODAY IN NORTHWEST

### First Winter Weather Here 20 Days Earlier Than in 1920

(From Saturday's Daily)

Snow flurries just before noon today, which continued for several hours, reminded Stevens Point people that winter is rapidly approaching and that the fall season of 1921 has so far been unlike that of many other years. The snow melted as soon as it struck the ground.

The first snow of the season in Stevens Point came 20 days earlier this year than in 1920, according to government weather records kept at the local post office. Last year the first snow flurries occurred on October 28.

### Weather Moderates

The atmosphere was slightly moderated this afternoon as a result of the flurries, a condition which usually prevails when snow falls at this time of the year. The weather seemed to grow warmer shortly after the first flakes began to come down. Rising temperature was predicted in today's forecast.

### Snow Along the See

Soo line dispatchers at the division offices of the railroad in this city reported that the snow flurries were general to the west and north. Gordon, Wis., this side of Superior, reported a snowfall of an inch and a half. A driving snow storm was reported all along the Superior and Ashland lines, and flurries were general between Stevens Point and Minneapolis.

A message from Wisconsin Rapids this afternoon stated that snow flurries occurred there late this morning. Snow fell at Wausau the first of the week, the earliest on record in that city.

### Snow in Minnesota

St. Paul, Minn., Oct. 8.—A driving snow storm, the first of the season, fell here for two hours Friday, melting as it struck the ground.

### Cold Wave in Texas

Wichita Falls, Tex., Oct. 8.—A cold wave reached here at 5 o'clock Friday morning and within a short time the temperature had dropped to 55 degrees, with indications for a further fall. The Fort Worth and Denver railroad reported snow at Texline, while the Missouri, Kansas and Texas railroad announced a temperature below 45 at Woodward, Okla., where a cold wave was falling.

### LINWOOD MAN IS FINED

John Pascevis, Linwood, charged with driving a car while under the influence of liquor, pleaded guilty in municipal court Thursday and was assessed a fine of \$25 and costs of \$6.75. national encampment at Indianapolis and when they reached Wisconsin upon their return Mr. Baker stopped at Ripon to attend a reunion of his old cavalry company. He will join his wife in this city on Friday or Saturday and renew acquaintances of pioneer times. He will be remembered as a former sheriff of Portage county. Mr. Baker went west more than 20 years ago and now serves as bailiff in the Snohomish county court house at Everett.

## HOME MEN ONLY VENNIE RECORDS HOTEL BUILDER

### Then Council Orders Bids for Immediate Construction of White Way

James A. Vennie, president of the Trades and Labor council, was instrumental last week, at the common council meeting, in putting John Immel of Fond du Lac, contractor on the new hotel, publicly on record for employment, so far as they could be obtained, of Stevens Point workmen exclusively on the hotel construction.

To Mr. Immel's credit, it may be said he showed no hesitation in committing himself, and he had previously expressed himself privately the same way. But as the result of the discussion opened by Mr. Vennie he made the statement publicly to the aldermen and 200 citizens, and his statement now takes on almost the force of a contract.

### Only an Ornament

Mr. Vennie had asked to be heard when the white way was under discussion. He said in substance: "I come here representing the majority of the people of the city. We think a white way is a nice thing. But it is an ornamental proposition. We prefer something more useful. Out in the residence districts the people are asking for sewers, which will serve more people and put more men to work. I understand that the current for the white way will cost \$2,400 a year and that the city is to pay half of the \$15,000 cost of installing it. Buying ornaments such as a white way in the present state of the city's finances is like a workman out of a job buying diamonds for his wife. Later on we can afford the white way."

Mr. Vennie, speaking with great force and eloquence, received, when he sat down, the most hearty applause of the evening.

### You'll Get Sewers

Mayor Welsby answered quickly: "If you had waited until the meeting was over, you would have had no cause to complain of sewers. We are going to put in all the sewers petitioned for. I have been working to have all the streets in town sewered. Don't be afraid that I am lukewarm on sewers. I am for the sewers and for the white way too. I know these things are going to cost us money, but if we are going to be a city, we've got to go ahead."

The mayor also was loudly cheered. It was apparent that the spectators, who numbered more than at any previous meeting in months, were enjoying themselves.

### Home Labor Jobs

Secretary F. L. Body of the Chamber of Commerce, also answering Mr. Vennie, said: "The city's bill for the installation of the white way will be about \$6,000. The sewers are to cost \$25,000. Also at 3:17 this afternoon we let the contract for the new hotel at a cost of \$250,000, and it will employ home labor in construction."

### Impact Men Usually

"It has been my experience," said Mr. Vennie, "that if you let the contract to an outside party, he will bring in outside labor to do the work." Mr. Body: "No, he has promised to bring in only two men—the foreman and sub-foreman. The rest will all be local men."

"First time that's happened," said Mr. Vennie.

"First time you had a Chamber of Commerce to look after it," said Mr. Body.

### Mr. Immel's Statement

"We'd like to have a word from Mr. Immel, the contractor, himself, on that subject of home labor," said the mayor.

Mr. Immel arose. "For several years," he said, "I have been employing 15 to 25 Stevens Point workmen at other points. We are coming in here with the intention of employing home labor exclusively so far as we can get it. We will hire all the Stevens Point men we can first. If we can get a full crew that way, there won't be any outside men except the

## ATTEMPT MADE TO BURGLARIZE SHIPPY STORE

### Youth of 18 Is Arrested at Rear of Building by Night Officer

Ralph Brill, 18, is confined in the county jail here on a charge of attempted burglary, as a result of his arrest at 4:30 o'clock Sunday morning by Officer John Frymark, who found him standing in a shed at the rear of the Shippy shoe store at 308 Main street.

Brill was to have been arraigned before Judge W. F. Owen in county court this afternoon. The young man is said to have made a complete confession to both Chief of Police John S. Hofsoos and District Attorney B. J. Carpenter.

### Officer Hears Noise

The arrest of Brill came about when Officer Frymark, making the rounds on his beat, heard a noise when walking through the alley at the rear of the Shippy store. According to the story Brill is said to have related to the authorities, he and a Stevens Point man were interrupted in their attempt to enter the shoe store by the officer. The light from Frymark's flashlight first attracted their attention. Brill's accomplice made his escape and Brill ran over behind a shed to get out of sight. The latter stepped on some tin and rubbish, this making a noise which brought the officer to the place. The young man was taken into custody and put in jail. Nothing was found on his person except a few matches.

### Pair Attended Dance

Brill said today that he had attended a dance at the Grubbs pavilion in the town of Carson Saturday night and that the man who made his escape at the rear of the Shippy store proposed the burglary to him. First asking Brill if he needed a pair of shoes and then telling him he knew where they could be gotten. After the dance closed the pair came to Stevens Point. Attempts to enter the shoe store by prying open a rear door failed, and the two had turned their efforts to a basement window when interrupted, according to Brill's story.

Brill's home is in Milwaukee, but he is said to have relatives in Stevens Point. He had been employed on a farm near Hatley during the summer.

## MOVE IN NEW HOME

### Gullikson Residence on Church Street Is Completed

One of Stevens Point's handsomest homes, built this season on Church street by G. A. Gullikson, is now completed and the Gullikson family has moved there from the corner of Church and Brawley streets. The family occupied this latter dwelling four and one-half years. Dr. Rice, who owns the corner property has leased it to W. F. Snyder.

### MOVES HERE FROM CUSTER

John Lukasavitz and family to occupy new home in city.

John P. Lukasavitz, familiarly known throughout the county as "Patent John" on account of his many mechanical inventions, has moved his family to this city from Custer and they now occupy a house on Michigan avenue.

Mr. Lukasavitz has bought two lots from A. M. Nelson at the corner of Ellis street and Michigan avenue and is building a nine room residence thereon. The ground dimensions are 30x40 feet, over which has been erected a stone and concrete basement eight feet high, in which a furnace will be installed. The upright of frame construction, will be one and one-half stories, of the bungalow type. The new owner, who is a builder of many years experience and has finished contracts in all parts of the county, is superintending the erection of his home. He expects to have it completed before the holidays.

foremen. If we are short of help, we will have to go outside."

"I can't say enough for Stevens Point," continued Mr. Immel. "It seems to be the finest town I have been in. I like the spirit and life everybody shows in this town. I'm sure that the kind of workmen we will get here will be good men."

### White Way Carried

The question then went back to the white way. Motion was made that bids be advertised for, and that the contract be let at a special meeting on the 18th. It was carried, 8 to 4, as follows:

Ayes—Cassidy, Donermeyer, Perkins, King, McDonald, Moczuk, Peck, Schenk—8.

Noes—Finch, Holmes, Redfield, Schoettel—4.

It is the intention to have the white way installed this fall. The property owners pay for the poles, the city for putting them in and for the maintenance.

## Separate Skirt

The separate skirt has been developed into an elaborateness which makes it a complete costume combined with one of the new blouses. The skirt of chinchilla satin with the long hanging side panels and the pussy willow satin crepe blouse show this effect.

## ENGINEER SAVES WOMAN'S LIFE AT SOO DEPOT

### Fatality Averted When Mrs. Charles Schuweller Steps in Front of Passenger Train No. 1

A fatality was averted upon the arrival of Soo passenger No. 1 at the local station Monday morning only by the prompt application of air brakes by Engineer Sam Bay.

Just as the train neared the depot, Mrs. Charles Schuweller, an aged resident of the Sixth ward, started northward across the tracks and that she was not hit by the locomotive was due to Mr. Bay's quick action. The train was stopped so suddenly that several passengers had close calls from injuries, but fortunately none was hurt.

An action was started some weeks ago for the appointment of a guardian for Mrs. Schuweller.

## ASSEMBLYMAN REFUSES TO GRADE POTATOES

### Oncida County Man Is Opposed to Markets Division Ruling It Is Stated

Madison, Oct. 11—Assemblyman J. D. Grandine of Oncida county is reported by the state department of markets to have refused to comply with the compulsory potato inspection laws, in shipping his tubers to market. He is said to have advised the department in a letter that he did not intend to pay the inspection fee required.

As a member of the assembly the roll call shows that Grandine voted for the marketing law in its original form, and voted to indefinitely postpone amendments that would have emasculated it. Commissioner Edward Nordman says that the department intends to prosecute unless the assemblyman agrees to have his potatoes inspected, and pay the inspection fee.

Nearly 300 inspectors are in the field to grade the Wisconsin potato crop of this year. They are entirely supported by the shippers, who pay a small fee on each carload of their product that they send to market.

The department of markets says that this inspection service is being generally complied with, and working successfully, except in a few instances. Some shippers have started an action to determine constitutionality of the inspection powers, but, while carrying on their legal battle have complied with the statute with regard to grading.

### MAY BUILD ANOTHER HOUSE

M. J. Roach, who recently completed a modern new home on Main street, just west of the Normal school, and moved here from Seymour contemplates the erection of another house on his property, which will be offered for sale or rent. The new building will be in keeping with other homes

That Fortunate Word, "Ankle."

Without the fortunate intervention of that word "Ankle," literature, and perhaps thereby legislators, would have had to say "leg" two centuries sooner.—Alexander Black in the Century Magazine.

## CALHOUNS START TUESDAY MORNING FOR WATERTOWN

### Methodist Pastor and Family Going to New Home in West

Rev. G. M. Calhoun, for five years pastor of St. Paul's Methodist Episcopal church of this city, his wife and their children, Amina, Scott, Danny and Brown, left Stevens Point Tuesday morning for their new home in Watertown, South Dakota.

Rev. Mr. Calhoun was recently transferred to the pastorate of the First Methodist church of Watertown largely through the efforts of Bishop C. B. Mitchell of St. Paul, who recognized the ability of the pastor to take charge of a larger field of work, and who was especially pleased with the all around work accomplished in Stevens Point.

Watertown is the third largest city in South Dakota and the pastorate of that church is recognized as one of the best positions of its kind in the middle west. The transfer of Mr. Calhoun came wholly unsolicited and is considered by Bishop Mitchell and other church officials as a well earned promotion.

### Goes to Fine Church

The church building where Rev. Mr. Calhoun will take up his duties next Sunday was erected at a cost of \$85,000 when labor and materials were cheap, and is modern in every detail. It could not be duplicated today for \$150,000. It has the largest auditorium in town and is continually in demand for special occasions. The church has a membership of more than 1,000, a large graded Sunday school with a membership of 300 and a Men's club with 100 members. There are gymnasium facilities, including showers and lockers, and modern motion picture equipment.

### Big Growth Here

During the pastorate of Rev. Mr. Calhoun in Stevens Point the local church has made wonderful progress. Three hundred nineteen new members were taken in, the financial condition of all departments is in a splendid shape and the pastor has at all times kept in personal touch with his congregation. His interest in the young people of the church has been manifested by the recreation room which was built through his efforts and at his suggestion. The family leaves many staunch friends in Stevens Point, who will extend the wish at this time that the pastor will meet with continued success in his new field.

### Refused Local Work

Rev. Mr. Calhoun has declined Rev. G. C. White as pastor at Watertown, the latter having become district superintendent of the Mitchell district of the Methodist church in South Dakota. Mr. Calhoun has enjoyed his work in Stevens Point and while sorry to leave felt that he could not reject the opportunity which came in his invitation to go to Watertown.

## HUNTERS HERE BELIEVE STATE LAW IS UNFAIR

### No Sunday Shooting of Chickens or Partridges Brings Many Protests

Sections of the new game laws are proving about as popular with some sportsmen in this part of the state as a German soldier in the American lines during the war.

Hunters who were unable to get away from their work to take advantage of the short open season on prairie chickens, and also last week when partridge shooting was permitted, feel that those who made the new laws have not given them a square deal.

Season Closes Saturday  
No Sunday shooting was permitted on either prairie chickens or partridges, the law being arranged in each case so that the season opened on a Tuesday and closed on a Saturday. This feature has probably been discussed more and criticized more than any other game law provision in many years.

The state conservation commission defends the law by the argument that with Sunday omitted from the period of open shooting, fewer birds will be killed and the wild life better protected. On the other hand, the sportsmen who wanted to hunt but couldn't get away, and even some who did find time to go hunting on a weekday, feel that it was unfair to cut off Sunday shooting. One man said:

"I believe the law was framed especially for the rich man who can afford to go out any time he wants to. A man who can't afford to get away or is tied down by his business couldn't hunt for partridges or prairie chickens this fall. The conservation commission is losing the support and cooperation of many sportsmen because of the way things were handled by the last legislature."

Another Grievance  
Portage county sportsmen also have another grievance, that provision of the state law which kept Portage county closed to prairie chicken shooting this fall. At the last meeting of the fish and game protective association the president, Dr. A. E. McMillan, freely admitted that sportsmen had it "slipped over on them" the last day of the legislature and declared that the law as passed was unfair. He said there were more chickens in Portage county than ever before, yet no one is permitted to shoot them.

## SAYS INSPECTION SERVICE IS O. K.

### Market News Letter Declares New Requirement Working Out Favorably

"The compulsory inspection service is progressing favorably at this time," says the Market News Letter, issued by the Wisconsin Department of Markets. In an article on "Potatoes."

"Inspectors have been appointed at nearly all shipping points and shippers are required to call for inspection when they have cars ready to load or ship."

"The daily potato market reports are being issued from both the Wausau and Madison offices. In addition the potato market is being sent out by wireless telephone and telegraph."

"The 1921-22 potato season is now well under way and developments are being watched with interest by all factors in the deal. Shipments have been fairly heavy although some shipping sections are three to four weeks late this season. In some localities the potatoes run small while in others there is some scab, but taking the state as a whole the quality and condition are good."

"The outlook is for a decidedly short crop this year. Estimates of the crop vary considerably but the outlook is for a commercial production of from 15,000 to 17,000 cars as compared with 25,000 cars produced last year. The crop in the United States this year is estimated to be over 100 million bushels short of last year's crop and about 50 million bushels short of a five year average."

### ROSES IN OCTOBER

#### Bush in Full Bloom Reported on Wausau County Farm

Roses are defying the rules of nature in Wausau county and are now in full bloom there at one farm, according to the Plainfield Sun, which contains the following:

"A curiosity in the shape of a rose bush in full bloom is located at the L. E. Applebee home in the town of Lodi. Mr. Applebee left a bouquet at his office and the odor of June roses is with them. He says there have been numerous bouquets picked from the bush and there were many flowers and about 150 buds on Oct. 11. The bush was full of blossoms in June and this is the first time it has ever borne blossoms twice in one year during its 15 years of life."

## OBITUARY

John W. Matteson

John W. Matteson, 1609 Main street, died at his home at 3:40 o'clock Monday afternoon. Mr. Matteson had been afflicted with rheumatism and heart trouble for five years, but his condition did not grow serious until a few days prior to his death.

Mr. Matteson was born in Michigan 59 years ago, and had been a resident of Stevens Point for the past 17 years. He was a millwright, and traveled extensively about the middle west, as he worked at that occupation previous to moving to this city. He was an employee in the Stevens Point Box and Lumber company factory for many years as a millwright. He had been retired for the past several years because of his affliction with rheumatism.

There survive the widow and one daughter, Mrs. Clyde Higgins, 1613 Main street.

The funeral will be held this afternoon at 1 o'clock at the home of the deceased, Rev. James Blake officiating and burial following in Forest cemetery.

### Ladislav Wasielewski

The death of Ladislav Wasielewski occurred at 2 o'clock this morning at St. Michael's hospital. He underwent an operation for appendicitis at the hospital a week ago, but failed to rally from its effects.

He was 11 years of age, and was born in Russian Poland. He came to the United States and Portage county with his parents, Mr. and Mrs. Joseph Zakowski, two years ago and had since lived with them at their home in the town of Hull.

There survive his mother and stepfather and two brothers, Adolph and Joseph, and on sister, Magdalene. The following step-brothers and step-sisters also remain: Magdalene, Mary, Stanislaus and Ladislav.

The funeral will be held Monday morning at 9 o'clock at St. Casimir's church at Casimir. Rev. L. Prue officiating, and burial following in the parish cemetery.

### Mrs. Mary Selinski

Mrs. Mary Selinski, Junction City, died October 8, 1921, of heart trouble.

Mrs. Selinski was born May 16, 1843, in German Poland. She is survived by her husband and the following children: Michael, Chicago; Mrs. Jacob Skibba, Junction City; Mrs. Henry Lewandowski, Stevens Point; Mrs. Peter Smith, Tomahawk; and Mrs. Albert Gurskey, Milwaukee. Twenty-five grandchildren survive, as well as 10 great grandchildren.

The funeral was held Tuesday morning at 10 o'clock at St. Michael's church at Junction City, Rev. A. Forsyth officiating and burial following in the parish cemetery. The pallbearers were Michael Warjaski, John Skibba, Frank Selinski, Paul Warjaski, Tom Halkowski and John Schora.

### Mrs. Richard J. Houlehan

Mrs. Mary McAuliffe and Mrs. Robert Phelan were called to Madison by the death of their sister-in-law, Mrs. Richard J. Houlehan, who passed last week Tuesday. She underwent an operation at one of the Madison hospitals and failed to rally therefrom.

Mrs. Houlehan is survived by her husband and three daughters, one of the latter being married.

Mr. Houlehan is also a brother of Dr. G. M. Houlehan of this city. He made Stevens Point his home many years ago, later being located at Clintonville before going to Madison about 16 years ago.

### Mrs. John Check

Mrs. John Check, Revent, Marathon county, died at her home at 4 o'clock Monday afternoon. Mr. Check is a nephew of Michael Check of this city. Mr. and Mrs. Check of this city and Mr. and Mrs. Nicholas Dobeck, Central avenue are planning to attend the funeral.

### Funeral of O. J. Klassen

The funeral of the late Oscar J. Klassen was held Thursday, at 9 o'clock at St. Stephens church. Rev. James C. Higgins officiating and burial following in the parish cemetery. The pallbearers were: P. J. O'Connor, M. J. Wersch, J. D. Swan, Dr. W. R. Swan, E. F. T. and Portland McAuliffe.

## MARKET NOW ACTIVE

### Potatoes Are Being Purchased at Amherst Village

The Amherst village contains the following:  
"Two local potato buyers, Victor Veranda, who buys for Leonard, Cassin & Berg, and Chris Holverson, manager of the Portage County Co-operative society, have opened their warehouses for the purchase of potatoes and made a few loads are being brought in."

"The stock being marketed here is still rather green and does not demand the highest market prices."

"The price paid for average in the neighborhood of \$1.25 per cwt., but as soon as the stock is in better condition, a better price is predicted."

## H. J. SEVERSON CONDEMNS STATE TAXATION SYSTEM

(Continued from page 1)

not a cent of the income taxes collected goes toward the expense of systems. The widow who has no children and who owns her home, pays toward the upkeep of the state university, while the millionaire with several children sends them to the university, and doesn't pay anything toward the upkeep of the school.

"The same condition exists as respects our highway system. The highways are maintained by direct tax. Whether you are able to use them or not, you pay taxes toward their upkeep, while the millionaire with his limousine uses them continually. The only money he pays toward highway maintenance besides a direct tax is his \$10 license fee. All taxes should be levied on the basis that those who are best able should bear the burden. Our present taxation system provides for nothing that would agree with that doctrine."

"Papers Didn't Tell All  
"The Severson tax bill would have taken care of that situation, for it would have raised \$6,000,000 on incomes. But you never read of that part of the bill in the Milwaukee Sentinel and Journal, never read of it in the subsidized press of the state, because if the papers had printed the truth, the state legislature would never have been able to resist the tide of public sentiment that would have swept the state."

"That bill would have taxed three out of every 100 people in the state. Where, then, came the opposition to the bill that was reported to be surging up among the people? Well, the rich had the weapons to fight it, namely, the newspapers and the money to organize the state. It was their money that sent special trains from Green Bay, Milwaukee and Racine to Madison to fight it. Their money sent 2,000 paid lobbyists to Madison so that the 'tax boosting bill' might be stopped."

"Who were the 'public'? Why they were the men who own the paper mills at Green Bay, the water powers, the breweries, the street cars, the Appleton and Oshkosh street car outfit, poor Mr. Nash who only reported to the federal government a net income of \$7,000,000 last year, the Pfister and Vogel leather outfit that controls the price of leather, the International Harvester trust and the others."

Takes Up Other Issues  
Briefly summing up the remainder of Mr. Severson's talk, the following were some of the things he brought up: The assessment bill, which would have centralized the assessment of all property at Madison; the lobby at Madison, 694 paid members of that profession being registered; the railroad safety bills; the filled milk bills.

Mr. Severson concluded his address with statements on the stalwart movement in the state in past years, citing failures of that party to deliver results to the voters in past administrations.

Scribner's Record  
The most interesting part of Mr. Onstad's talk, outside of his pleas for organization of La Follette sympathizers in the county, was his resume of the records of Assemblyman Scribner and Senator Severson. "Scribner," he said, "voted against the Severson bill, and lined up 15 times with the stalwarts and five times with the progressives, while he was absent four times when important measures were before the legislature. Mr. Severson voted for the people in every measure which was for the people and with Senator Huber fought every measure which attacked the interests of the people." He completed his talk with words of praise for Senator Robert M. La Follette, whom he termed the "little giant."

## SHOOTS WRONG BIRDS COSTS HUNTER \$100

### Rothschild Man Thinks Tame Geese Are Wild Near Tomahawk

A farmer who resides a short distance above King's dam, above Tomahawk, raised an even dozen fine geese the past summer. The birds were allowed to range in the woods along the river, and report has it that they were discovered Sunday by a hunter who said he was from Rothschild. After a brief bombardment the geese were all laid out and those who accompanied him in hunting were congratulating themselves on a big kill of "wild geese" when the owner appeared. It is stated that a check for \$100 changed hands before the fire of the farmer could be appeased.

### ARPIN GETS WAR MEDAL

Captain E. P. Arpin, son of Mr. and Mrs. E. P. Arpin of Wisconsin Rapids, has received the distinguished service medal for heroic conduct and efficient work during the war. The award was recommended by Colonel Carl Penner of the 120th Field Artillery.

## AUTOS IN COLLISION

Autos driven by Joe Warosh, town of Hull, and E. L. Moore, Plover, were damaged when they collided on Normal avenue at Smith street shortly after 6 o'clock Monday evening.

Mr. Moore was driving south on Smith street, while Mr. Warosh was driving his car west on Normal avenue. When they met, a front wheel on the Moore auto was smashed and the windshield broken, while the right front door, running board and fender on the Warosh car were damaged. The drivers of both cars escaped injuries.

## WISCONSIN MARKETS EXPOSITION CALLED

### Governor Blaine in Proclamation Announces Coming State Attraction

Madison, Wis., Oct. 8.—Governor Blaine today issued a proclamation calling attention to the Wisconsin Markets exposition to be held in Milwaukee at the auditorium on December 5 to 10 inclusive. The exposition has been arranged at the request of farmers' organizations, College of Agriculture, and state department of agriculture and will be held by the state division of markets. The proclamation follows:

"Whereas, Wisconsin Farmers' organizations, the Wisconsin College of Agriculture, the state department of agriculture, manufacturers of farm products and supplies and other commercial interests concerned in the development of a more efficient system of marketing have requested the Wisconsin department of markets to organize an exposition to be known as 'The Wisconsin Markets Exposition,' and

"Whereas, an organization has been formed under the direction of the Wisconsin department of markets to hold such exposition on December 5 to 10, inclusive, at the Auditorium in the city of Milwaukee, and

"Whereas, the purposes of this exposition are defined to be as follows: 'To acquaint the people of this state and the country in general with the benefit to be derived from established grades and quality brands of Wisconsin farm products;

"To exhibit samples of Wisconsin graded and branded farm products representing car shipments;

"To advertise Wisconsin farm products and manufactured farm supplies in the markets of the country and urge the attendance of buyers of these products to the exposition."

"To secure more desirable relations among producers, shippers, and consumers of farm products and manufactured supplies to the ultimate end of more efficient marketing;

"Therefore, I, John J. Blaine, Governor of the State of Wisconsin do hereby call attention to the Wisconsin Markets Exposition and earnestly request the people of the state to give it their attention."

## STOLEN WILL NOT ACT AS PROSECUTOR

### Attorney Withdraws Because He Signed Warrant Causing Lemberger's Arrest

Attorney O. A. Stolen, formerly of this city, who appeared in the pardon hearing for John A. (Dogskin) Johnson and caused the arrest of Martin Lemberger for the murder of his own daughter in 1911, on Sunday notified Judge A. C. Hoppmann at Madison that he would be unable to act as special prosecutor in the Lemberger trial. Judge Hoppmann announced that he would select a special prosecutor for the county the first of next week. Mr. Stolen felt that he could not prosecute Lemberger because of his signing the warrant that caused the arrest.

## MARKETS DIVISION NAMES INSPECTORS

### Potato Men for Various Centers in This Section Are Announced

Official potato inspectors have been appointed by the Wisconsin Division of Markets. The official inspectors for this district are:

L. I. Yorkson, Wausau; C. H. Anderson, Jola and Scandinavia; H. A. Weymouth, Plainfield; F. G. Upton, Wild Rose; John Dignan and R. E. Ades, Wautoma; W. C. Mead, Weyauwega; Fred Mudinger, Manawa; G. W. Van Ornum and Floyd Sheldon, Royalton; Hans M. Anderson, Amherst and Plover; W. J. Kiesaw, Fremont and Dale; W. R. Weckler, Rothschild; Clyde Warner, Oscar Reiben, P. C. Jensen, Ogdenburg; Oscar Reiben, P. C. Jensen, J. G. Cornwell, Sheridan.

## TO MUSTER IN COMBAT TRAIN ON OCTOBER 28

### Recruiting of Unit to Full Strength Is to Be Pushed Rapidly

The combat train of the 120th field artillery, which has been allocated to Stevens Point, will be mustered into the service on October 28, the day on which Stevens Point's new armory-stock pavilion is to be dedicated with appropriate ceremonies.

Work of recruiting the unit is to be pushed with all possible speed by local guardsmen, so that it will be recruited to full strength by the day of mustering in.

The date of bringing the train officially into the national guard was suggested by Adjutant General Holway to local guardsmen through Major John M. Smith, who visited Stevens Point on business the past week end.

Twenty Enlisted  
Already there are 20 men enlisted in the train, and with but one exception all are ex-service men. The required number for muster is 55, but it is desired that 60 local young men be in the combat unit on mustering day.

Those who are doing the recruiting for the unit are Major Russell Moen of the headquarters detachment, 120th field artillery, Major Alf Anderson of Governor Blaine's staff, Captain Carl Anschuetz of Battery B, Captain Lyman Park of the headquarters detachment, Lieutenant Arthur Oberst of Battery B, and George Fisher.

The day of mustering in the combat train was set at October 28, the date of the armory-pavilion dedication, because Adjutant General Holway will be in the city on that day and will therefore do the mustering. Arrangements are now being made by the state quartermaster to house the new organization in the new armory with the other local guard units.

To Make Display  
Some time in the near future a display of camp life at Camp Douglas last summer will be placed in a down town store window. Pictures of individuals in the battery who were at camp and other interesting articles are to be shown.

## OVER 6,000 BUSHELS RAISED ON 28 ACRES

### Antigo Man Establishes a Remarkable Record for Potato Growing

Although farming is only a sideline for Dr. E. J. Donahue of Antigo, he apparently knows how to make it pay. He has just completed digging his potato crop in Langlade county and from 28 acres he harvested 6,154 bushels. From one six acre tract he got a yield of 2,954 bushels. These were Russet Rurals, and were dug from land that had been "fall plowed." Dr. Donahue had contracted for his crop at \$2 per hundred and so the gross value was \$7,384.80, or at the rate of \$263.73 per acre. The value of the crop on the six acre tract alone was \$2,460, or at the rate of \$410 an acre.

## NECEDAH FIRE LOSS PLACED AT \$50,000

### Owners of Buildings Which Were Destroyed Already Making Plans to Rebuild

The property loss in the fire at Necedah last Friday night will fall between \$40,000 and \$50,000. It was the second big fire in that town within six years, and destroyed practically all of the old business district that was left after the fire six years ago.

Necedah business men are already laying plans to rebuild the destroyed buildings along modern fire proof lines. These new buildings, together with those built after the last fire, will give the town a thoroughly up-to-date business district with little or no danger of future conflagrations.

## REMOVE OLD LANDMARK

### Dam Built at Schofield 25 Years Ago Being Replaced

An old dam which has barred the Eau Claire river at Schofield for more than 25 years is being demolished and a modern dam of concrete and steel construction is being built in its place by the Brooks & Ross Lumber company, which has operated lumber mills there since 1883. The old dam leaked so much that a head of water could not always be maintained.

### PRICE DOWN IN WAUSAU

The retail price of potatoes on the Wausau market dropped to \$1.39 per bushel Saturday.

## MOON OR POISON

Los Angeles, Calif., Oct. 11.—Pending results of the official inquiry, the police cling persistently to the story that Albert E. Stein, movie director, was deliberately poisoned, while Autopsy Surgeon Wagner said "all indications were that Stein had died of bad liquor" following a drinking bout in his apartment here Sunday. Wagner admitted the possibility of the director having been murdered. Should the autopsy reveal traces of poison in Stein's stomach, the police said that both Jean Munros, movie actress, and Mildred Bellini, vaudeville artist, might be questioned further.

## TO RESTORE FIRST CAPITOL OF STATE

### Contract for Job of Renovating Historic Building Is Awarded

Madison, Oct. 8.—Work on the restoration of Wisconsin's first capitol at Belmont, near Plattville, will be started next week, following award of the contract for this work to Walter Meyer, Plattville. Some \$3,200 will be used out of the \$5,000 appropriated for restoring the old capitol by the last legislature.

Several years ago the Federation of Women's clubs of Wisconsin bought the original site, where the old two-story frame building was located. The building is just back of this site and the land donated by the federation will be used for the formal entrance to this historic building.

The contract let by the Belmont capitol commission will provide for complete restoration of the old building and for beautifying of the land surrounding it. A special drive for automobiles will be installed, trees and hedges planted and a new rear fence built. The inside of the building used as a barn following its desertion, will be restored and the building will be given paint necessary to preserve it for future generations.

It is expected that Mr. Meyer will complete the work late this fall. The conservation commission has volunteered to see that the property is maintained by having the guard stationed at the Nelson Dewey park visit the Belmont site frequently.

### FRANK RYCHTER CASE ORDERED HELD OPEN

The case against Frank Richter, Polonia saloon keeper charged with having intoxicating liquor in his possession, was ordered held open by the court Friday. It was to have been heard today in county court but was ordered held open because state prohibition agents who took part in a raid on the Richter saloon were unable to be in the city.

## Do You Want Her To Work After You Are Gone?

One of the sorriest and most pitiful sights in life is to see a woman go to work shortly after the loss of her husband.

The fact that he failed to provide for such a contingency is one of the crimes of civilization.

Save a part of your income and make those things safe and secure for those you leave behind. Don't neglect it. Don't put it off, for tomorrow may be too late. Deposit in the bank all the money you possibly can. The reliability of our concern is the best assurance that the future will be well provided for.

We pay 4% on Savings.

## Arnott State Bank

W. F. COLLINS, Cashier  
Arnott Wis.

## BUILDING MATERIAL FOR SALE

If you are needing lath, shingles, lumber and other material, give us a chance to figure with you. You will find our grades and prices right. We also carry paint, varnish, ventilators and stanchions.

Are you covered by insurance for fire, tornado, automobile, accident and health?

Have a complete stock of coal and wood.

327 Elm Street Phone 779

# \$3,117.44 PAID ON ESTATES IN PORTAGE COUNTY

Heirs of Late T. H. Hanna Taxed on Sum of \$109,920.83

Inheritance taxes on the estate of the late T. H. Hanna, Stevens Point, amounted to \$2,731.48, according to a report prepared at the office of County Treasurer Earl Newby and forwarded to State Treasurer Henry Johnson. The total of inheritance taxes paid in Portage county during the quarter ending September 30 was \$3,117.44.

The net market or taxable value of the Hanna estate was \$109,920.83, according to a schedule of the will on file at the court house. To Amelia C. Hanna, the widow, went \$104,920.83, while to Mary E. Hanna, a sister, \$5,000 was willed. Those were the only beneficiaries.

**Mostly Life Insurance**

Life insurance composed the greater part of the late Mr. Hanna's estate, the total insurance received by the estate being \$111,147.24. Real estate valued at \$4,400, personal property of \$266.75 and cash amounting to \$64.12 were listed as assets. The liabilities of the estate were \$9,815.88.

Other estates, their taxable value and the amount of tax paid by the heirs during the past quarter are:

Henry G. Grashorn estate, valued at \$16,741.80, paid taxes of \$55.77; Augusta Vallondorf estate, valued at \$456.04 paid taxes of \$2.82; Patrick McNamara estate valued at \$16,443.95, paid taxes of \$280.13, and the estate of John McKie, valued at \$9,744.06, paid taxes of \$47.24.

State Gets \$2,838.64

A check for \$2,838.64, which covers the state's share of the inheritance taxes, was forwarded to the state treasurer Tuesday by County Treasurer Newby. The sum of \$233.80, which represents seven and one-half per cent of the total amount of taxes, and which is the county's share, remained in the treasury, while the public administrator received fees amounting to \$45.

Ten beneficiaries were named in the will of Patrick McNamara. St. Patrick's congregation at Lanark received \$600, while to St. Michael's hospital in Stevens Point \$500 was willed. The pastor of St. Patrick's congregation was willed \$100 to be used as offerings for masses to be said for the repose of the soul of Mr. McNamara.

**Other Beneficiaries**

Others who received bequests under the terms of the McNamara will are: Patrick McNamara, a nephew, \$8,000; Mary McNamara, no relationship, \$1,000; Maggie Hodgkins, a sister, \$2,000; Dennis McNamara, a brother, \$2,000; James Riley, a nephew, \$1,000; Mollie Wisnack, no relationship, \$1,000; Anthony Riley, no relationship, \$1,000; John McNamara, a brother, \$4,740.96.

# ELKS PLAN CAMPAIGN TO BOOST MEMBERSHIP

Local Lodge Hopes to Obtain Hundred New Members to Be Initiated

Thanksgiving Day

Plans for a selective invitation membership campaign, by which it is hoped to obtain 100 new members, were discussed by Stevens Point Lodge No. 641, Benevolent and Protective Order of Elks, at a meeting held Wednesday evening.

The meeting was preceded by a 600 dinner, during which a short program was carried out, including music and addresses, with Frank B. Shuman, exalted ruler, as toastmaster. The speakers were W. F. Collins of Arnett and W. E. Atwell. A regular meeting followed the dinner, during which detailed plans for the membership campaign were discussed.

J. M. Pfiffner was elected chairman of the campaign and H. J. Finch, James P. Glennon and C. W. Eaglebarger were appointed team captains. The campaign will be started at once, each team being supplied with a selected list of prospects, and will continue for two weeks. On Thanksgiving day it is planned to conduct initiation ceremonies at the Parish house for the candidates signed up during the campaign with a banquet preceding the work and a dance in the Elks' hall following.

Wednesday evening's meeting was attended by 75 members of the lodge and proved to be one of the most enjoyable ever held by the lodge.

# MOVING TO MILWAUKEE

Mrs. Samuel Silverman and daughter, Audrey, left for Milwaukee Friday and a son and brother, Earl Silverman, went down today. They will be joined the first of the week by Mr. Silverman and all expect to remain there permanently. Miss Blanche Silverman has been located in Milwaukee for several months. Mr. Silverman is a hide and fur dryer, which vocation he will follow at his new home.

# Heroes of the First Game Wish Each Other Good Luck Before Start of Second

Mike McNally, third baseman of the Yankees, left, shaking hands with Frank Frisch, Giant star of the hot corner.

# SHORT COURSE OPENS ON 15TH OF NOVEMBER

Agricultural Prospects Will be Brightened by Enrollment of Farm Lads

Madison, Oct. 6.—Wisconsin's agricultural prospects will be brightened on November 15 by the enrollment in the state's short course in agriculture of several hundred students.

Ever since the short course was first established in 1885 Wisconsin has been insuring her agricultural and industrial prosperity by training annually corps of farm lads in the science and practice of farming. Statistics show that better agriculture has received a boost as these trained leaders have applied themselves to farming.

A group of 1,550 farmer students obtained an average yield of corn over a five year period, of 62 bushels to the acre. The best corn in the same communities had previously averaged but 49 bushels to the acre, or a difference of 13 bushels in favor of the improved methods introduced by these young farmers.

It is, therefore, with a great deal of righteous pride that the institution boasts of having trained nearly 6,000 young people for agricultural work during the winter months since the establishment of the course. Every county in Wisconsin has been represented at some time in the enrollment. Students from every state in the union and from many foreign countries as well have been enrolled.

While the most of the students find it to their advantage to return to their home farms, many agricultural positions have been filled by the graduates, many of them occupying positions as herdsmen, farm managers, cow testers, and share renters.

This year, owing to the increasing importance and need for leadership, special training will be given in parliamentary practice. It is anticipated that this will be of special value in training leaders for rural community life.

The dairy department will feature ice cream and condensed milk manufacture in the dairy course of this season. Wisconsin has more milk condenseries than any other state and the ice cream industry is steadily increasing in importance in all sections of the state.

# VISIT BROTHER HERE

Mrs. A. B. Dwinell and Baker Guests at the G. E. Morrill Home

(From Thursday's Daily)

Mrs. A. B. Dwinell of Chicago and Mrs. William Baker of Everett, Wash., arrived here Wednesday for a visit of several days with their brother G. E. Morrill. Division and Pine streets. Mrs. Dwinell is remembered as a former resident of the Sixth ward, her late husband being prominently identified with the city and served as alderman and supervisor for several terms. Mrs. Baker also lived here in the early days, much of the time being located at and near Plover. She and her husband came east to attend the G. A. R.

# RIP TRACK WORKERS GO BACK TO FIVE DAY WEEK

Beginning October 1 the three hundred or more employees in the Soo line car repair department are working five days per week, they being given a lay-off each Saturday. A small force will be kept on duty to attend to any emergency repairs on trains in transit. During the summer the men worked six days a week.

# QUARANTINE FIELDS FOR POTATO WART

New Outbreak of Disease Found in Certain Sections of Maryland

New outbreaks of potato wart in certain sections of Allegany County, Md., has led the Federal Horticultural Board of the United States Department of Agriculture to secure the cooperation of state authorities to strengthen the quarantine and restrictive measures already in force against the disease.

While the disease has been discovered only in comparatively small patches in mining regions of Pennsylvania, Maryland, and West Virginia, the damage done, running up to 100 per cent of the crop in the case of some susceptible varieties, has shown the need of more stringent steps to keep it from spreading to other districts. The new outbreaks are close to potato-growing regions.

The Maryland authorities have agreed to quarantine infected fields and to establish safety zones adjacent to them, in which only immune varieties of potatoes will be allowed to be grown. A number of excellent immune varieties have been discovered through tests. A representative of the Federal Horticultural Board will help the state authorities to work out the safety zones.

There has been practically no spread of the disease in the other two states. The disease seems to be under control so far as general areas are concerned. A recent survey indicated that if any spread had occurred it was merely from field to field and not serious enough to cause concern.

# GROWS LARGE BEANS

Local Officer Claims Record for Size in This County

Officer John Frymark claims the distinction of growing the largest beans in Stevens Point and Portage county this season. In fact his exhibits may be the largest of that variety of garden produce raised in the state.

Monster freak beans, each nearly three feet in length, were grown by Mr. Frymark in his garden in Stevens Point this summer. One of them is now on display at the City Fruit Exchange. The variety is known as a guinea bean, but where it originated no one here seems to know. Of rapid and hardy growth, the bean has a round similar to that of a watermelon, and the vegetable is pure white on the inside. When cooked it resembles a rat-tail in taste.

Mr. Frymark doesn't remember where he purchased the seed. He saw it advertised in a seed catalog and sent in for some. Ten seeds were planted by him, but only one developed into a plant. The single plant which grew proved to be prolific, however, eight or nine of the large beans reaching mammoth size.

Mr. Frymark is anxious to know more about the beans which he has grown and suggests that the agricultural department at the State Normal trace back the origin of the seed. He is willing to furnish the department with one of the beans if students or instructors are interested.

# SURGE RETURNS HOME

Miss Helen Martini, for the past two or three years a student nurse at St. Joseph's hospital, Marshfield, has completed her work there and returned home. Miss Martini was granted a

# TEACHERS MEET IN CONVENTION OCTOBER 14-15

Central Wisconsin Association Convenes in Wausau This Week

Programs for the seventh annual convention of the Central Wisconsin Teachers' association, to be held in Wausau October 14-15, 1921, have been received in the city.

The executive committee of the association is composed of E. G. Doudna of Wisconsin Rapids, chairman, S. B. Tobey of Wausau, O. W. Neale of Stevens Point, H. W. Kircher of Merrill, R. A. Brandt of Antigo and I. C. Painter of Wausau, secretary and treasurer.

The program announces that boards of education may permit the attendance of their teachers at educational conventions without loss of salary. They usually urge such attendance for its instructional and inspirational values, it continues, and states that no teacher of central Wisconsin can afford to miss this meeting.

# Provision for Rooms

Teachers who desire room and breakfast in private homes will address Miss Gertrude McGuire, Wausau, for assignment. A regular dinner will be served at the Wausau High school on Friday, Oct. 14, and service will be limited to 200 holders of tickets.

The general sessions open on Friday, October 14, at 9:30 a. m. in the High school auditorium. A number of prominent educators are on the program for addresses. Kindergarten and primary, city graded school and rural and training school sectional meetings are scheduled for Friday afternoon. Music and drawing round tables, and High school and vocational and manual training sectional meetings also will be held the same afternoon. A general meeting will be held Friday evening at the Methodist Episcopal church and another general session is scheduled for Saturday morning at the High school auditorium.

# Local People on Program

Two Stevens Point people will appear on the program. On Saturday morning, October 15, President John F. Sims will deliver an address at a general session on "The Reorganized National Education Association." Miss Anna Clark, primary critic at the State Normal here, will have charge of a discussion on phonics at the kindergarten and primary sectional meeting on Friday afternoon of the convention.

The program announces an added attraction, a football game Saturday afternoon between the Wausau and Wisconsin Rapids High school teams. The contest is to be played at Recreation park.

# MILLADORE MAN IS FOUND GUILTY

Moonshine Case Tried Before Judge

R. B. Park at Wisconsin Rapids

After remaining out for several hours, a jury at Wisconsin Rapids in the case of A. Mathes of Milladore, charged with violation of the prohibition laws in the delivering of moonshine to the Van Wormer billiard hall at Babcock, Wood county, found the defendant guilty. Van Wormer, charged with a similar offense, will be tried at the next term of circuit court. Sentence for Mathes has not yet been pronounced by Judge B. B. Park of this city, presiding at the circuit court sessions at the Rapids.

Frank Brudnicki, resident of Wisconsin Rapids, who was bound over to circuit court by Judge Getts last winter on a liquor charge, was dismissed by the court and the jury discharged. From a later development in the case it was alleged that two Milwaukee men had been making moonshine in the Brudnicki home, and their cases were handled separately several months ago.

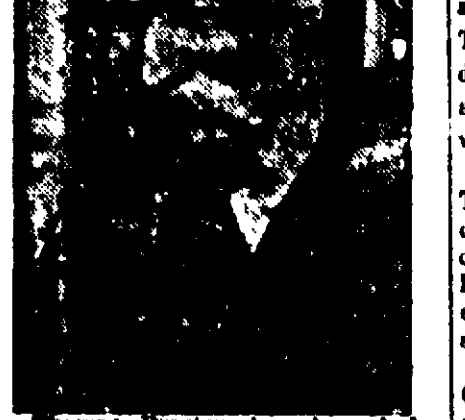

# BUILDING BOOM IS ON

Stevens Point Not Alone in Condition

Reports from builders and contractors over the state to the effect that conditions in the building trade indicate that better business is not far away are fully corroborated by local builders, who point out, however, that conditions could scarcely show much improvement in the building line in Stevens Point, where operations have gone forward without interruption since early spring.

One contractor declared that more building had been done in Stevens Point during the season now closing than in the entire central Wisconsin river valley. But reports of better business in other cities where work has been lagging behind have been received locally from such sources that they cannot be doubted, local builders say.

# Aided Lincoln

Thomas Proctor, in whose bed Lincoln is said to have died in a pauper on Blackwell's Island, New York City. Proctor says he roomed opposite Ford's theater in Washington when Lincoln was shot and that he guided men carrying the wounded president to his room.

# Farmer Girl Sees Black Bear Near Home At Stockton

A black bear weighing from four to five hundred pounds was seen on the Richard Breitenstein farm near Stockton last week Tuesday afternoon by Alma Breitenstein, she writes the Journal.

The animal was about three rods from her, but disappeared into the woods. Members of the family were away so no attempt at pursuit was made.

It is believed that Mr. Bruin wandered into this section from the north woods.

# MAYN IMPROVEMENTS AT KUHLE RESIDENCE

Modern Apartments Are Leased by Two Members of the Normal Faculty

Handsome improvements have been made this season to Fred G. Kuhl's residence property at the southeast corner of Normal avenue and Prentice street. The carpenter work, which is in charge of Gilbert Gibbs, will be finished in a few days. The work of remodeling what was at that time a one-story cottage was begun last summer, when a ten-foot extension was made to the east side and the whole length of the house. The roof was raised and the house made two stories, with six bed rooms, bath rooms and large closets on the upper floor. A sleeping porch was built across the second story rear, two maple floors laid in the house and a second hot air furnace installed in the basement. Practically all the inside finishing has been replaced with Georgia pine. The house has been divided into two apartments, the rooms on each side being nearly identical in size and finish.

The apartments have been leased to Prof. T. A. Rogers and Prof. R. M. Rightwell, members of the Normal faculty, who will move their families to the new home within a few days.

Another noticeable improvement now being completed by Mr. Kuhl is the erection of a three car garage located near the rear of the house and the dwelling just east, also owned by him. Approach to the garage is made via a cement platform laid this week.

# NEW PAVEMENT COMPLETED

The work of laying the new concrete pavement on South Church street, from Rice street to the Soo line tracks, was completed Saturday afternoon by the Ute Construction company. While the concrete is setting, the Soo line Church street crossing is closed to vehicular traffic, which is being detoured via Water street.

**NOTICE FOR ADMINISTRATION AND NOTICE TO CREDITORS**

State of Wisconsin, County Court, Portage County.—In Probate.

In re estate of Amelia Denesch, deceased.

Notice is hereby given that at the special term of said court to be held on the 2nd Tuesday of November, A. D. 1921, at the Court House in the City of Stevens Point, County of Portage, and state of Wisconsin, there will be heard and considered, the application of Emma Choate, for the appointment of an administrator of the estate of Amelia Denesch, late of the City of Stevens Point, in said county, deceased; and to determine the heirs of said deceased.

Notice is hereby further given, that at the regular term of said court to be held at said Court House, on the 1st Tuesday of March, A. D. 1922, there will be heard, considered and adjusted, all claims against said Amelia Denesch, deceased.

And notice is hereby further given, that all such claims for examination and allowance must be presented to said county court at the Court House in the City of Stevens Point in said county and state, on or before the 6th day of February, A. D. 1922, or be barred.

By the Court,

W. F. OWEN, Judge.

"These Rats Wouldn't Eat My Best Grains," Says Fred Lamb.

"It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RAT-SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP around." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by H. D. McCulloch Co.
